About the Committee:
The Audit Committee, mandated by SAME’s national headquarters, can be up to three members. It is responsible for filing the GKC Post’s tax return, as well as preparing, reporting on and evaluating The Post’s annual budget. This committee also serves as a check on the validity of all expenditures, clearing up any inaccuracies in the books and ensuring board processes are always followed in order to approve budget items.

In order to avoid a conflict of interest, none of the members of the Audit Committee can hold another position on the board, however, the board treasurer often serves as a point-of-contact between the Audit Committee and the board of directors.

The annual audit produced by the committee is required by SAME’s national headquarters and is part of the treasurer’s annual report.

How you can help:
If you have a background in financial planning and reporting and are interested in contributing to the GKC post’s audit, please contact Al Osborne.
