EPA: Status of the Superfund Program

Kate Garufi, EPA Headquarters
Office of Superfund Remediation and Technology Innovation
Transition considerations and challenges

- Declining budgets

- Superfund’s Remedial Acquisition Strategy
  - Overview
  - Impacts

- Technical Challenges
Declining budgets

- FY 2017 - Continuing resolution
- FY 2018 - President’s budget
- Impacts/Considerations
Superfund’s Remedial Acquisition Strategy

- Strategic sourcing
- Moving from a Region to National acquisition approach
- Promoting competition
- Maximize use of fixed price contracting where appropriate
Impacts: Superfund’s Remedial Acquisition Strategy

- Changes how remedial program manages site work (require a re-tooling of the EPA workforce)

- Revisions to existing EPA guidance

- Human Capital Considerations
  - Training needs
  - Strategic hiring considerations
  - Impacts of buy out/reduction in FTE
Technical Challenges

- Emerging contaminants
- Changes in science
- Hardrock mining sites
