February Meeting

55th Annual QCESC Engineers Week Banquet

Please join us on Thursday, February 23rd, for the 55th annual Quad City Engineering and Science Council (QCESC) banquet. This meeting is open to everyone and is a great opportunity to recognize local Engineering and Science Professionals and Educators for their accomplishments over the past year.

The program will be in the spacious Putnam National Geographic Giant Screen Theater and will include the awarding of roughly $36,000 to 16 local students along with the annual Quad Cities STEM Awards for top Engineers, Scientists and STEM Teacher and Volunteer of the year.

This year’s banquet will include a networking social hour, silent auction, displays, dinner, Order of the Engineer Inductions, scholarship presentations to high school students, and annual awards. The program will include a special viewing of “Dream Big: Engineering our World”.

DATE: Thursday, February 23rd, 2017
LOCATION: Putnam Museum & Science Center
1717 W 12th Street, Davenport, IA 52804
COST: $24 Per Person
$18 for full-time students with ID
Free for Scholarship Recipient and One Parent

SCHEDULE:
- 5:00 PM Social with STEM related displays, access to the Putnam Museum Science Center with 40+ interactive displays, silent auction and networking. Appetizers provided for attendees with cash bar and concessions also available
- 6:20 PM Seating in theater
- 6:30 PM Welcome, scholarships, awards, 2017 Order of Engineer Inductions
- 7:15 PM Intermission with networking, drinks and concessions; last Silent Auction Bids
- 7:45 PM MacGillivray Freeman’s “Dream Big— Engineering Our World” movie with silent auction results and wrap-up
- 8:45 PM End of Event

RESERVATIONS: Reservations must be made by February 20th. Click HERE to register for the event.

Lovell Joins Stanley Consultants as Senior Project Manager

Former USACE Chicago District Deputy Commander to focus on project and program management for DOD projects worldwide

CHICAGO, Illinois - Kevin Lovell has joined Stanley Consultants as a Senior Project Manager. Assigned to the Federal and International Group, his focus is on project and program management for Department of Defense projects worldwide. Stanley Consultants is a consulting engineering firm that provides program management, planning, engineering, environmental, and construction services worldwide. Lovell is based in the firm's Chicago office.

After a distinguished 21-year career, Lovell recently retired from the US Army Corps of Engineers (USACE) as the Chicago District Deputy Commander. He was second in command of the 200-person organization and oversaw an annual $150 million design and construction program. Prior to that he was the first Engineering Analyst to serve in the Army's Office of Business Transformation at the Pentagon and helped establish the Army's Energy Initiative Office.

During his military career Lovell was awarded three Army Bronze Stars, and multiple Meritorious Service and Campaign Medals. This including a Bronze Star for leading the first engineering unit to deploy to central Asia after 9/11, which was the first Army construction unit to deploy equipment by air.

He is active in the Society of American Military Engineers (SAME), currently serving on the organization’s National Board of Direction and national committees.

Recap of Annual Installation of Officers Dinner

On Friday the 20th of January, Rock Island Post held its annual Installation of Officers Dinner at the Outing Club in Davenport, Iowa. Emcee Dudley Hanson kept the event moving ahead of schedule this year, which included remarks from Regional Vice President Tom Heinold, an RVP Medal recognizing Roger Less for getting our CEU Conference up and running again in grand style, and the Norton Award for Riley Post who has kept our Post Notes running these last couple of years.

We recognized Pat Eikenberry of Missman Stanley for his leadership and dedication this past year as our Post President – under Pat’s leadership, the Post awarded nearly $20,000 in scholarships for engineering students, held fund-raisers to support the scholarship program, sent a Young Member to the Emerging Leaders Alliance conference, sent kids to Engineering Camps, and of course supported our members with some valuable luncheon topics and CEUs.

We also welcome Mike Helms of Stanley Consultants as he takes the reins from Pat. In 2017, SAME’s year of “gaining momentum,” we look forward to Mike continuing and even improving upon Rock Island Post’s achievements.

Congratulations to Pat, Mike, the Board of Directors, and all of our members who make SAME a strong and vibrant organization, bring the public and private sectors together, keep our members sharp in their professions, and contribute to our National Security!
