Effective and Economical Concrete Moisture Control

Presenter: Richard Koon, Barrier One Contract Agency

Barrière One is the only award winning, scientifically proven, porosity inhibiting admixture developed with our full line of exclusive concrete enhancement technology (CET) products.

Construction of all types relies on strong, moisture-controlled concrete that can stand up to harsh environments. You have the power to completely control the properties of the concrete used on your project. Our flagship product is the industry standard and the only porosity inhibiting admixture (PIA) designed to reduce moisture movement while making concrete stronger and denser, mitigating slab shrinkage, warping, alkali silica reactivity (ASR) and chloride ion penetration. Barrier One is integral to the concrete not surface applied, will render the concrete impermeable and its use will not interfere with the bonding of adhesives, resinous coatings or cementitious underlayments.

SAME REGIONAL VP MEDAL

Post President Mike Resty presented Wesley (Wes) Vaughn, Post Scholarship Chair, with a Regional VP award (on behalf of RVP Cindy Miller) for outstanding support to the SAME golf tournament, which is a main source of income for our scholarship fund. Pictured to the left is Wes (left) and Post President Mike Resty.
Look out for these Upcoming Events!

February 6-8, 2019
San Antonio, TX

SAME Meeting
February 21st
Georgia State Academic Decathlon Competitions
February 22-24

Get in front of targeted, qualified buyers in the FM and A/E/C fields to compete in a more sustainable, global, resourceful and mobile marketplace.

There will be workshop sessions to allow you to explore options for solving facility obstacles. For more information, please visit:
http://www.fmworkshop.org/index.cfm

February 28 – March 1, 2019
Linthicum, MD

The SAME Transition Workshop and Job Fair connects uniformed and veteran service members with organizations recruiting qualified A/E/C professionals. For more information, please visit:
https://www.same.org/calendar/ModuleID/6303/ItemID/760/mctl/EventDetails

March 11-13, 2019
Herndon, VA

From in-depth forums presented by leaders in the federal sector to an informational panel featuring the Engineering Service Chiefs of the Army, Navy, and Air Force, the DoD & Federal Agency Program Briefings is SAME’s premiere forward-looking event. Open exclusively to SAME members, the event provides preview of the coming fiscal-year construction programs of the uniformed services and select federal agencies. The SAME Academy of Fellows will also hold three major events as part of Capital Week! For more information, please visit: www.samecapweek.org/index.cfm
