Greetings SAME Boston Post members – and happy fall 2019! We have kicked off this season with some great Programs to share knowledge related to engineering, environmental and construction projects in New England. Follow our future Programs and Young Member events on our Website (https://www.same.org/boston) and read about our most recent meetings and presentations in this issue of the Bugle. In September, John Wyeth from Portsmouth Naval Shipyard shared the plans and future expansions related to the Shipyard Infrastructure Optimization Program. Of interest to all of our membership is the need to for the US Navy to develop and implement plans to address and monitor its infrastructure investments in New England and across the country.

In this naval spirit, on October 17, 2019, the Boston, Piscataqua and Narragansett SAME Posts in New England are jointly hosting our first New England Celebration of the centennial celebration for the Society of American Military Engineers at the USS Constitution! Please join our exciting event, which will include tours of the USS Constitution on the waterfront in downtown Boston. The day will include updates and briefings from the three Federal entities that are present at this historic site: the Navy, the Coast Guard and the National Park Service.

During this same Columbus Day week, on October 15, 2019 we will be hosting our SAME Boston Post Golf Event, complete with “golf with a pro” the week before for those member who would like to sharpen their golf skills. Sign-ups for all of these exciting networking and STEM fundraising events can be found on our website (https://www.same.org/boston).

I want to thank all of our Sustaining Members, as well as the large number of volunteer Committee Chairs and members for creating and sustaining a vibrant Boston Post for SAME. Come join us for our exciting events this fall!

Many thanks,

Lisa Brandon

---

**BOSTON POST DIRECTORS:** Bobby Byrne, Kathy Creighton, Eva Marie D’Antuono, Pete Delano, Kim Ewalt, Ken Gaynor, Mark Kaufman, Chuck Raymond, Tony Riccio, Dorothy Richter, Mark Salvetti, Michael Worthy. At-Large: Brian Balukonis.

Please watch our website and emails for sponsorship opportunities for these great events.
SAME Boston Post September Luncheon
September 10th, 2019
Submitted by Pete Long and Mark Salvetti

The Boston Post September meeting took place at the Posteria restaurant in Waltham. Enjoying pizza and pasta dishes in a casual setting, the attendees heard a presentation from John Wyeth, Deputy Public Works Director for the Portsmouth Naval Shipyard about capital improvements at the base. In sum, very exciting work is planned at the Portsmouth Naval Shipyard over the next 5 to 10 years! John did an outstanding job describing the upcoming opportunities with the Navy at PSNY.

Thank you again, John.
Upcoming Meetings and Events

26th Annual SAME Boston Post “Open” Fall Golf Tournament
Charter Oak Country Club, Hudson, MA
October 15th, 2019

2019 Sponsorship Levels

Gold Sponsor - $1,250
1 Foursome
Company name on all promotional material
Opportunity to distribute promotional items at event
Listing on event program
Hole Sponsorship

Silver Sponsor - $1,000
1 Foursome
Company recognition
Opportunity to distribute promotional items at event
Listing on event program

Foursome $800
1 Foursome

ADDITIONAL REGISTRATIONS:
INDIVIDUAL GOLFER - $200
HOLE SPONSOR - $250
SKILL HOLE SPONSORSHIP - $300
BREAKFAST - $300
BEVERAGE CART SPONSORSHIP - $300

Come out for a fun day of golf and networking to help support the mission of the Society of American Military Engineers and the Boston Post

Join Us To Celebrate SAME at the USS Constitution

Thursday, October 17, 2019, 3:00 - 7:30 pm
Building 22, Charlestown Naval Yard
Charlestown, MA 02129

Presented by the SAME Piscataqua
in conjunction with the
Narragansett Bay & Boston Posts
to Celebrate
SAME's Run to 2020 Centennial!

Sponsorship Form
www.same.org/piscataqua

An opportunity to sponsor a unique SAME event at
the historic Charlestown Navy Yard. Invite your friends, family, colleagues, and clients!

Program
3:00-5:00 PM: Self-Guided Tours:
USS Constitution & Museum
5:00 PM: Gather at Commandant's House
Networking, Heavy Appetizers, Bar
6:00 - 7:30 PM:
Presentation of Colors
Welcome & Opening Remarks
- CDR Nathaniel Shick, USN, Commanding Officer
- CDR John Benda, USN, Executive Officer
Charlestown Navy Yard – It’s History & Future
- Speaker TBD, National Park Service
Recognition of Platinum Sponsor
Remarks by SAME National President
- LTC “Buddy” Barnes, P.E., F. SAME, USA (Ret.) – Invited

Directions & Parking:
Several nearby pay parking options exist within walking distance, as well as public transportation.
See attached map or ussconstitutionmuseum.org for detailed information.

Platinum Sponsor: $2,500
12 event tickets
Recognized on website & event handout
Logo & slide deck scroll during event
Recognized individually during program
Photo with SAME President as sponsor

Gold Sponsor: $1,500
8 event tickets
Logo placed on website & event handout
Logo displayed during event
Recognition as sponsor during event

Silver Sponsor: $1,000
4 event tickets
Logo placed on website & event handout
Logo displayed during event
Recognition as sponsor during event

Bronze Sponsor: $500
2 event tickets
Logo placed on website & event handout
Logo displayed during event
Recognition as sponsor during event

The SAME Boston Post is hosting a Networking Event at UMass Amherst on **Tuesday, October 22 from 11:30 AM to 1:30 PM** at the Conference Center (10th Floor, Hadley Room). While you and your colleagues attend the 35th Annual International Conference on Soils, Sediments, Water, and Energy at the University, please drop in on Tuesday and spend some time meeting the students. It is a great opportunity for members of the UMass Amherst SAME Student Chapter to meet and network with professionals from the Boston Post in an informal setting. Every year the event is well-received, and we hope to continue our successes this year! A light lunch and refreshments will be served, and everyone is welcome! Please contact Debra Beck (beckdf@cdmsmith.com) with any questions.
Small Business Showcase
February 6th, 2020
Submitted by Paul Steinberg

SAVE THE DATE!

The 2020 Small Business Showcase is scheduled for February 6th, 2020, at the Westin Waltham Hotel as in previous years. We look forward to a large turnout and another great event!
Zephyr Education Foundation

The Boston Post supported the Zephyr Education Foundation again this year with a donation toward the unique work they do teaching students about marine environments and the influences of weather. Zephyr uses a hands-on augmented reality mapping and display tool, the Augmented Reality Sandbox (ARS), to teach students about topographic mapping, landform design and coastal processes such as sea level rise, storm surge, tsunamis and other water-related events.

In 2019 Zephyr presented their program at three major venues and prominently displayed a sign at each venue to recognize SAME for our sponsorship. The venues included:

- The Klondike Derby Boy Scouts event at Camp Greenough on Cape Cod is attended by several hundred scouts. Held in January 2019, every scout and leader had the opportunity to use the ARS and learn about coastal processes.

- Mass Audubon’s Long Pasture Wildlife Sanctuary (Zephyr loaned their ARS system to them for 10 days in June) when Mass Audubon hosted approximately 200 seventh graders and teachers from Sandwich STEM Academy. The ARS was an integral part of their teaching program.

- For the first time ever, Zephyr opened their Marine Exhibit Center office on Water Street in Woods Hole, MA, located next door to the Woods Hole Oceanographic Institution, to the public. Zephyr had the opportunity to bring over 3,000 visitors through their center. Visitors experienced, among other marine displays, the hands-on ARS where the SAME support sign was often prominently displayed.

Zephyr reported that they extended their interaction with students and educators this year and through their support sign shown in the photo on the next page, they spread the word about SAME’s support.

Zephyr Marine Exhibit Center, Woods Hole, MA
In an effort to support SAME Young and Enlisted members to obtain credentials that strengthen their professional development, SAME has developed the Credential Achievement Awards Program (CAAP). The program is intended to help fund exam sitting or registration fees for credentials, certifications, or licensures deemed to have intrinsic value to SAME’s mission and the architectural and engineering professions.

The deadline to apply is **October 4, 2019**. Information about the program and the application are shown below. If you have questions about the program or the application process, feel free to contact Suzanne Grix, Mentor/Recognition Vice-chair, Young Member Community of Interest (COI) at suzannegrix@gleis.com.
1. Purpose. The purpose of the Credentialing Achievement Awards Program, hereafter referred to as the (CAAP), is to promote the professional development of SAME Young and NCO Members in support of the SAME Strategic Plan. The CAAP serves to fulfill the third objective of the Education and Mentoring Fund Charter which is "to provide financial support to professional development, education and mentoring initiatives that will benefit SAME members..." This program is not intended to replace existing programs offered by Posts, employers, or other organizations but rather provide an achievement award for individuals who demonstrate meritorious public service or achievement.

2. Management of the CAAP. Following are the roles and responsibilities for implementing the program:
   a. SAME HQ, together with the Young Member Council, will educate members and posts about the program, promote its use, and maintain information on the application criteria and process on the SAME website.
   b. SAME HQ will establish a budget for the program for 2014 and subsequent years. The FY budget will be divided in half so there are funds available for each cycle. If the Committee has more applications than budget in the first half, the Director of Programs can make a decision to reallocate the funds, and if additional funds are needed in the second half, the Director of Programs can recommend an addition to the SAME Executive Director.
   c. The Young Member Council will organize and establish a schedule for package submissions and evaluations.
   d. The Young Member Council will nominate two members to a selection committee to rank package submissions and provide recommendations of recipients of the awards to the Director of Programs based on the applicants' involvement in SAME. At least one of these members must be an officer in the Young Member Council.
   e. The review committee will evaluate the information in the application and approve awards that meet all the eligibility requirements. If there are more applications than funds available, the Committee will rank order the applications based on merit using the information in the applications. The Committee will select those which can be awarded. Any person not awarded in the current cycle may resubmit in the next cycle.
   f. Achievement awards cannot be made for receipts with a date more than 12 months from the application due date.
   g. Applicants must be an NCO or young member. Note there is no age limit for NCO applicants. Young members must be less than or equal to age 39 by the application due date.
   h. Applicants must have passed the respective examination and provide required documentation with the application.
   i. No single government official or employee shall receive through this awards program more than $200 in awards, whether one time or multiple awards.
   j. No single private sector individual shall receive through this program more than $500 in awards, whether one time or multiple awards.
   k. The Director of Programs shall chair a committee with the Young Member Council Chair to annually review the program and update the process.

3. Credentials Supported by the CAAP: The program will support exam sitting or registration fee award for the following credentials, licensures, or certifications which are considered to have an intrinsic value to SAME's mission and the architectural and engineering professions.
   a. Fundamentals of Engineering Exam and Professional Engineer Exam (any discipline)
   b. Architect Registration Examination (for any division)
   c. Certified Construction Manager (Sponsored by Construction Management Association of America)
   d. Design-Build Certification (Sponsored by Design-Build Institute of America)
   e. Leadership in Energy and Environment Design (Sponsored by U.S. Green Building Council)
   f. Certified Energy Manager (Sponsored by Association of Energy Engineers)
   g. Project Management Professional (Sponsored by Project Management Institute)
   h. Certified Facility Manager (Sponsored by International Facility Management Association)
   i. Credentials offered by National Institute for Certification in Engineering Technologies (NICET)
   j. Others on a case by case reviewed by the Committee and approved by the SAME Director of Programs
PROFESSIONAL CREDENTIALING ACHIEVEMENT AWARDS PROGRAM APPLICATION FOR YOUNG MEMBERS AND NCOs

The program will support exam sitting or registration fee achievement awards for the following credentials, licensures, or certifications which are considered to have an intrinsic value to SAME’s mission and the architectural and engineering professions.

a. Fundamentals of Engineering Exam and Professional Engineer Exam (any discipline)

b. Architect Registration Examination (for any division)

c. Certified Construction Manager (Sponsored by Construction Management Association of America)

D. Design-Build Certification (Sponsored by Design-Build Institute of America)

e. Leadership in Energy and Environment Design (Sponsored by U.S. Green Building Council)

f. Certified Energy Manager (Sponsored by Association of Energy Engineers)

g. Project Management Professional (Sponsored by Project Management Institute)

h. Certified Facility Manager (Sponsored by International Facility Management Association)

i. Credentials offered by National Institute for Certification in Engineering Technologies (NICET)

j. Other credentialing programs as deemed appropriate by the selection committee

Applicants must also meet the ALL of the following criteria for award:

• Contact their local ethics advisor or supervisor to confirm eligibility for the program

• Been a member in the Society for a MINIMUM of 18 months by the application due date

• Must be an NCO or young member. Note, there is no age limit for NCO applicants. Young members must be less than or equal to age 39 by the application due date.

• Provide an official pass/fail notification; applicant must have achieved a passing score on the exam at the time of application

• Provide an invoice of payment from the exam administrator showing applicant paid all fees at the time application is submitted

• Provide denial of eligibility for any program applicant previously applied (e.g., employer, VA benefits, etc.)

• Submit ONE application for each exam taken

Thanks to all our Members and Sustaining Members for their enduring support of the Boston Post, whose goal is dedicated support to our nation and the advancement of the science of military engineering. The Post strives to maintain and build on the proud and successful traditions and heritage that our nation’s military engineering community has established by conducting various programs and activities that contribute to this purpose.

The Boston Post helps the engineering and environmental professions, the construction industry, and the many federal and state agencies achieve their respective goals. The Post accomplishes this help by promoting the natural linkage between the civilian and military engineering, environmental, and construction industries for their mutual benefit. The Post additionally accomplishes this aim through supporting education in engineering and the environmental sciences through its scholarship program, its tutoring and mentoring programs, and by continuing education of its professional membership.
