Above: CM2 Seykot and BU1 Williams remove piles of decommissioned wiring in U.S. Consulate Nuevo Laredo, Mexico. All equipment, including wires, needed to be removed and properly disposed of before the consulate could be turned over to the Mexican government.
History

• The inception of NSU began in 1964 with NMCB 11 successfully deployed a detachment to US Embassy Jakarta.

• Following the success in Jakarta, a second detachment, DET November, was deployed to US Embassy Moscow in December 1964.
  • During a one year assignment, the one officer and 49 enlisted Seabees discovered an extensive wired microphone system built into the embassy prior to the US taking over the building provided by the Russians.

• DOS requested DET November to extend in Moscow

• DEC 1965 – Draft MOU to establish Naval Unit with DOS

• 21 APR 1966 – SECNAV formally established NSU

• JAN 1967 – MOU signed between DOS and DON
