HOST SUSTAINING MEMBER INFORMATION

Thank you to Kiewit for hosting last month’s meeting.

We still have some luncheon meetings available for Sustaining Members to host. Hosting our monthly meetings is a great opportunity to put your firm in the limelight and showcase your firm’s experience and abilities. If your firm is interested in hosting one of these meetings, please contact Charlie Settoon at (504) 889-0182.

We would like to thank all the Sustaining Member Firms who have hosted a monthly meeting in the past. If it has been a while since your firm hosted a meeting, you are welcome to host another meeting. Let’s continue to show our support for the Louisiana Post through this great professional opportunity.

As the Director for Environmental Defense Fund’s Mississippi River Delta Restoration project, Steve Cochran works to restore the natural function of the river while addressing the needs and health of southern Louisiana’s diverse communities and economic infrastructure. With local, state and federal attention turning towards this delta, executing a strategy for its timely and responsible restoration is crucial. In addition, Steve works both within Louisiana and nationally to encourage communities, economic interests and political leaders to see delta restoration as a fundamental priority to the nation.

Steve spent two years as Executive Director of the Lake Pontchartrain Basin Foundation in New Orleans, Louisiana, and seven years with Louisiana Congressman and then Governor Buddy Roemer. He served as Legislative Director in D.C., then Field Director, and ultimately Chief of Staff to the Governor. He can be reached at scochran@edf.org.
