HOST SUSTAINING MEMBER INFORMATION

We still have some luncheon meetings available for Sustaining Members to host. Hosting our monthly meetings is a great opportunity to put your firm in the limelight and showcase your firm’s experience and abilities. If your firm is interested in hosting one of these meetings, please contact Charlie Settoon at (504) 889-0182.

We would like to thank all the Sustaining Member Firms who have hosted a monthly meeting in the past. If it has been a while since your firm hosted a meeting, you are welcome to host another meeting. Let’s continue to show our support for the Louisiana Post through this great professional opportunity.

JOHN GRADY DAVIES  
VITA

John G. Davies has served as President and Chief Executive Officer of the Baton Rouge Area Foundation since June 1988. The Baton Rouge Area Foundation is a community foundation that serves Southern Louisiana.

During the past 16 years, the Foundation has collaborated to spark the revitalization of downtown Baton Rouge and revive neglected areas of the city. It raised and granted more than $45 million for rebuilding a stronger South Louisiana after hurricanes Katrina and Rita. After the Gulf of Mexico oil leak, the Foundation made grants from a $100 million BP gift to deepwater rig workers who were suffering financial hardship.

Under John’s leadership, the Foundation created The Water Institute of the Gulf, a scientific institution responsible for generating unassailable science that will guide the restoration and protection of the Louisiana coast.

John leads a development team that is constructing a 35-acre, 1.8 million-square-foot Water Campus to house The Water Institute and other scientific organizations focused on deltaic issues, along with the engineering and construction companies that will assist in implementing Louisiana’s $50 billion coastal protection and restoration plan.

During his 28-year tenure, the Foundation has grown from $5 million to more than $565 million in assets. Over 50 years, the Foundation has granted more than $400 million to fund nonprofits and to pay for civic improvement projects.

The son of a former U.S. diplomat, John spent his formative years in Lima, Peru.
