Correcting the Conflict Between Street Trees and Sidewalks

Speaker: Gus Lim, Public Works Director, City of DuPont

Program: This month’s program is on Correcting the Conflict Between Street Trees and Sidewalks. Foregoing traditional construction demo and replacement methods with vacuum lift equipment; saving trees, sidewalk panels, and funds.

Presenter: Gus Lim was born in Manila, Philippines, 1970. He graduated from the University of Washington with a Bachelor of Science degree in Civil Engineering in 1992. He received his commission through the NROTC program, and served for 20-years as a Navy Civil Engineer Corps officer. After retiring from naval service, he was the Housing Facilities Services Director at the University of Oregon. Gus is currently serving as the Public Works Director for the City of DuPont. The Public Works Department is responsible for water and stormwater utilities, streets, parks, greenways, and facilities. The city staff has over 50 personnel which include Departments for Public Works, Fire, Police, Community Development, Finance, and Administration. The city staff is led by the City Administrator and is the link to the elected officials. The elected officials are the mayor and 7 council members. DuPont includes over 9,000 citizens.

25TH
ANNUAL GOLF TOURNAMENT

THE GOLF CLUB AT HAWKS PRAIRIE
8383 VICWOOD LANE, LACEY, WA

★ 18TH AUGUST 2017 ★

8 AM SHOTGUN START | SCRAMBLE FORMAT
$75 PER GOVERNMENT EMPLOYEE | $125 PER NON-GOVERNMENT EMPLOYEE

SPONSORSHIP LEVELS

EVENT SPONSOR: $2500 (ONLY 6 AVAILABLE)
Includes logo on ALL signage, recognition at lunch, and a foursome.

PLATINUM SPONSOR $1000 (ONLY 4 AVAILABLE)
Includes recognition at lunch, hole sponsorship, and 2 free golfers.

GOLD SPONSOR $750 (4 AVAILABLE)
Includes closest to the pin or longest drive sponsorship and 2 free golfers.

SILVER SPONSOR $500 (18 AVAILABLE)
Includes hole sponsorship and 1 free golfer.

ON-LINE REGISTRATION & SPONSORSHIP AVAILABLE AT:
Helping Soldiers and their Families

How You Can Help:

Support Memorial Fund and Support our Families—Both Immediate and Extended. Donations to the Memorial Fund of the 555th Engineer Brigade help to ensure the support of our fallen heroes and their families.

Families of the 555th Engineer Brigade

Through your generous donations you can truly make a difference for the soldiers and their families.

Soldiers killed in action, the soldiers wounded in action and their families.

The 555th Engineer Brigade consists of combat engineers, engineers, and support personnel of the 555th Engineer Brigade. The mission of the 555th Engineer Brigade is to provide, integrate, and manage combat engineer, intelligence, and support elements.

The Triple Nickel

Seeds of Service

The strength of our nation is its people. The strength of our people is our families. The strength of our families is our service members. Together, we are the National Guard of the United States. Together, we serve our country and our communities.

The 555th Engineer Brigade strives to provide the best possible support to our soldiers and their families. We are committed to ensuring that every soldier and their family has the resources they need to thrive.

The 555th Engineer Brigade is dedicated to supporting our soldiers and their families. We believe that every soldier should have the opportunity to succeed, both on and off the battlefield. We are here to help them achieve their goals and reach their full potential.

Your firm can appear in this space! If you would like to become a Sustaining Member of the Mount Tacoma Post, please contact Dave Newkirk at 253.922.0446
The mission of the Society of American Military engineers is “To promote and facilitate engineering support for national security by developing and enhancing relationships and competencies among uniformed services, public and private sector engineers, and related professionals.” One key avenue for the society to accomplish that mission is to make the expertise and capabilities of our members readily available to government agencies responsible for response to natural and manmade disasters. To accomplish that end the Mt. Tacoma and Seattle Posts established an Emergency Preparedness and Infrastructure Resilience (EO&IR) committee.

Historically, large-scale response to emergencies has been a partnership between government and private industry. The full support potential of the A/E and construction industry in the Puget Sound area can only be reached when the Government’s emergency managers and the executives of the member companies are aware of each other’s requirements and capabilities.

EP&IR committee members reach out to local, State and Federal agencies to inform them of the capabilities of our sustaining members. The committee has prepared a tri-fold leaflet explaining the mission and purpose of SAME emergency preparedness. The leaflet contains a listing of member firms who have indicated a readiness to respond to emergencies and disasters.

The committee needs to know if you or your firm will be available to respond with your resources in the event of a disaster. The key questions are: (1) what capabilities do you offer to emergency managers in the early stages of disaster response and (2) how responsive can you be given that a regional event, such as an earthquake, may damage your facilities including employees’ homes. Any member firm that would like to participate as a listed available resource to government emergency management agencies should contact the Mt. Tacoma or Seattle Post Co-Chair of the Emergency Preparedness and Infrastructure Resilience Committee. In addition, any individual member who would like to work with the Committee is encouraged to contact one of the same committee co-chairs.

If you have any questions about this effort please contact: John Haddick EP&IR Committee Co-Chairman at jehaddick@msn.com / (253) 565-1223 or Mike Moran EP&IR Co-Chair at michael.moran248@gmail.com / (253) 232-3087.
