Pikes Peak Post Members,

In support of emergency declarations being made in communities across the country, SAME National and the Pikes Peak Post are joining the effort to contain the spread of COVID-19. As such, we feel it is in the best interest of our members to cancel all in-person gatherings between now and the end of April.

These events include:

- 14 April – General Membership Meeting
- 17 April – USAFA Cadet Dinner
- 18 April – Young Women’s STEM Day

Cancelling these events was a difficult decision for your post leadership team. We had over 70 young women signed up for the STEM Day and it was set to be our best offering of the event to date. Additionally, the USAFA Cadet Dinner is one of our marquee events where we honor graduating civil engineering cadets and welcome them both to our Society as well as the United States Air Force.

But after much deliberation and close coordination with USAFA whom made the decision to send home three-fourths of the Cadet Wing for the remainder of the school year, we decided it was in the best interest of the Post to cancel these events effective immediately.

We will assess the status of future events based on how the situation unfolds over the next several weeks. We are dedicated to the health and safety of our members and event participants, and we thank you for your understanding during these unprecedented circumstances in order to help contain the spread of the coronavirus. Please continue to check our website and LinkedIn for updates and please look out for your families, your teammates and yourselves during this difficult time.

Sincerely,

Jim Brackett, PE, PMP, F.SAME
President, Pikes Peak Post
