100 years

Society of SAME
American Military Engineers

Dedicated to National Security

Since 1920
Mission:
To Lead Collaborative efforts to identify and resolve national security infrastructure-related challenges.

Vision:
By 2020, SAME is recognized as the multi-disciplined integrator of military, public, private and academic national infrastructure-related capabilities to produce viable solutions for America’s national security.
IGE is the cornerstone on which SAME was founded in 1920. The National IGE Plan is the guiding tool used to “identify and resolve national security infrastructure-related challenges”

Develop a continuous pipeline to develop the next generation of leaders and produce STEM professionals for the nation

- Leadership Development Programs
- Integrate efforts of key national committees and scholarship programs
- SAME Foundation
Support the development of new STEM professionals for the nation through a “pipeline” of activities for K-12 to college and into professional life.

SAME awarded $960,000 in scholarships to college students

SAME Invested $218,000 to K-12 – STEM programs and donated over 16,000 Hours to STEM groups
OBJECTIVES
Preparing Veterans for the A/E/C Industry

- Support Veteran Transition
- Increase Professionalism while still in Uniform
- Help Fill Skilled Labor Shortage Across the Nation
- Partner with Veteran Support Organizations
  - Educate
  - Inform
  - Engage
Foster Collaboration among State, Local, Regional and Federal Agencies, Industry, and Academia

30th. Vice President of the United States
1925 to 1929
SAME President 1928

“I have been a member of this Society since its inception.... I have belonged to many distinguished groups but none in which I have a greater sense of honor than in the Society of American Military Engineers.”

General of the Army
Douglas MacArthur 1956
SAME Charter Member
We are establishing at this time a Society of American Military Engineers. This society will serve no selfish purpose. It is dedicated to:

- **Patriotism and National Security**
- **Promote Solidarity and Co-Operation between Engineers in Civil and Military Life**
- **Application of Engineering**

—The Military Engineer magazine, January 1920
