DOING BUSINESS WITH NNSS

ANITA ROSS
SMALL BUSINESS PROGRAM MANAGER
NATIONAL SECURITY TECHNOLOGIES LLC

Vision • Service • Partnership

NSTec
Who We Are
Where We Are

- Part of Nevada Test and Training Range
- Located approximately 65 miles north of Las Vegas in Nye County
- Established for the testing of nuclear devices in 1951
- Covers approximately 1,368 square miles – equal to the size of Rhode Island
NSTec employs approximately 2500 individuals
~1900 employees
~600 union crafts
Defense Experimentation and Stockpile Stewardship

- Device Assembly Facility – Special Nuclear Material
- U1a Complex – Underground Experimental Facility
- BEEF – High explosive testing
- National Criticality Experiments Research Center
- JASPER – light gas gun
- Dense Plasma Focus-temps/pressure of the sun
REMOTE SENSING LAB
Create technologies for emergency response in a variety of radiological situations

FRMAC
Federal Radiological Monitoring and Assessment Center

NPTEC
World's largest facility for open air testing of toxic materials and biological stimulants

RNCTEC
Help to develop, acquire and deploy domestic nuclear detection systems

GLOBAL SECURITY
Environmental protection, compliance and monitoring at the site

Permanent disposal of low-level and mixed low-level waste from cleanup activities
SITE DIRECTED RESEARCH & DEVELOPMENT

Hyperchromatic Lens

Copper Explosive Experiment

Abel Cylinder

Covariance Map

The hyperchromatic lens can produce images at varying locations as a function of time.

An x-ray radiograph of an Abel cylinder used to test statistical features with the highest possible fidelity.

A covariance map of an energy spectrum. The direction to a radiation source can be derived from the information on the cross talk bands.
SUPPLIER EXPECTATIONS

• Quality program meeting ISO:9001/DOE Order
• Commitment to continuous improvement
• Value engineering
• Delivering spend reduction through standardization control and continuous improvement
• Absolute focus on safety as demonstrated by a robust written program with measurable results
• US citizens to work on site
What We Buy

- Aircraft, services and parts
- Audio/visual equipment/supplies
- Automotive supplies and services
- Chemicals
- Cleaning equipment and supplies
- Clothing
- Communication equipment/supplies
- Computer hardware/software
- Construction services and materials
- Consulting services
- Electrical services
- Electronics and electronic supplies
- Engineering services
- Fabrication
- Food service equipment/supplies
- Furniture
- Gases
- Machinery
- Mechanical services
- Metals
- Office equipment and supplies
- Personal protective equipment
- Pharmaceuticals
- Photographic equipment/supplies
- Repair and maintenance services
- Facility/equipment rentals/leases
- Signage
- Staffing services
- Tools
- Vehicles
