Engineering & Construction / STEM Camps

Gerald Morris, CSI, CDT, LEED AP
Chair, Engineering and Construction Camps
Sep 22, 2015
Mission

Execute high quality camps to inspire and develop our nation’s future engineers and leaders
Organization

We are looking to add the following positions: Communications, Recruiting, Scholarships, Internships, Tracking, Mentoring, and Liaisons to NCO/STEM Committees.
2014-2015 Accomplishments

- Air Force Camp-96 Students
- Army Camp-40 Students
- Marine Camp-40 Students
- 104 CONUS posts and 4 OCONUS posts participated
- 43 Females and 133 Males
- 4 from OCONUS

Cumulative Since 2000
- 2,000 campers
- 36% attending or graduated from a Service Academy
- 28% Engineering Major at a Service Academy
- 25% College Engineer
- 30% ROTC
2015-2016 Goals

- Perform as a World Class STEM program
- Recruit at a national level
- Establish a Coast Guard Academy camp
- Restart Navy Camp
- Expand Regional Camps with BSA using Atlanta model as an example and local Post involvement using this as a planning year and implementing in 2017
- Execute 3 high quality camps
2015-2016 Work Plan

• Update Website
• TME Articles on camper’s status
• Collaboration with NSTA national event and STEM conference
• Institute MUAs with Coast Guard, BSA and other agencies
• Capture information for all SAME Camps and STEM events and post to SAME web site
• Develop TF to recruit and promote E&C and STEM events
• Identify 3 posts to host a Regional STEM event in the Panhandle of Florida for 2017
Summary

• We are here to BUILD our Nation’s future Engineers and STEM Professionals

• If you would like to assist and/or give us additional ideas please contact me:
