    - **Goal 4: Prepare Transitioning Veterans for the A/E/C and Asset Management Industries**
      - Build upon our success as a recognized national leader in creating opportunities for transitioning veterans across the A/E/C and asset management industries. Provide access to the full spectrum of credentialing for licensed professionals, skilled labor certifications and other A/E/C supporting qualifications to transitioning veterans.
      - Sponsor the credentialing of a veteran leveraging post-level or Foundation funds.
      - Establish and offer a mentoring event for transitioning veterans connecting the A/E/C industry opportunities, leadership development and Fellows involvement.
      - Sponsor or co-host an event with Trade Labor Unions to grow prospective members in the A/E/C industry from transitioning veterans.
  - How do we continue to improve on building relationships and coordinating credential efforts for all SAME member, both public and private?
