<th>INSTRUCTOR</th>
</tr>
</thead>
</table>
| William A. (Bill) Sorrentino Jr., P.E., PMP, DBIA  
President and CEO, Sorrentino Consulting LLC |

Bill is a registered Professional Engineer in the Commonwealth of Virginia, a certified Project Management Professional and a Design Build Professional with over 35 years of exceptional design and construction experience. Prior to launching Sorrentino Consulting, LLC, he served as a Vice President at STV Incorporated. He created the Norfolk, Virginia office providing full engineering and architectural services to federal, municipal and private clients. Prior to working with STV, Bill served as the Chief of Engineering and Construction as well as the Deputy District Engineer for the U.S Army Corps of Engineers, Norfolk. He was responsible for delivery of all programs and projects.

Bill’s leadership and recommendations have shaped the way his organizations have implemented and practiced project management. For example: time and cost growth less than 1% on a 2.5 billion dollar program, being named the best place to work in Hampton Roads, and the only public agency to be named as the best place to work in Virginia. Bill has trained thousands of project managers and provided consulting services to hundreds of A/E/C organizations.

Bill travels around the United States talking in-depth with AE Firms and Government Agencies and is in the unique position to observe trends and see what is working in the government and private sector.
