Mission. The SAME College Outreach Community of Interest supports Post’s efforts in the mentoring and development of student members into future STEM professionals; supports post-high school SAME Student Chapters; and leads collaborative efforts between academia, public sector and industry to identify and resolve national security infrastructure-related challenges.

Vision. The SAME College Outreach Community of Interest is recognized as the lead facilitator for mentoring and developing student members into future STEM professionals at the post-high school level and the lead integrator of academic national infrastructure-related capabilities to produce viable solutions for national security.

Membership. Participation in the Community of Interest is open to all SAME members interested in advancing the mission as stated above. The Community of Interest benefits from members at Posts, Student Chapters, all military branches, private businesses, and academic institutions. Student members are especially encouraged to enroll. Leadership for the Community of Interest shall be composed of the Leadership Team as defined in the Organization section.

Strategic Alignment.

Goal 1: Strengthen Industry-Government Engagement
Lead efforts to foster communication and build relationships among military, public, academic, and professional organizations; further collaboration to identify issues and develop solutions in support of National security.
Strengthening and building new relationships are key to the success of the Student Chapters and Virtual Student Chapter by providing current and meaningful content for the student membership.

Goal 2: Build and Sustain Resilient Communities
Lead efforts to prepare communities to absorb, recover, and adapt from natural and man-made threats, fortify our nation’s resolve directly where people work and live.
College Outreach supports building and sustaining resilient communities by encouraging student members to problem-solve societal problems/issues through participating in industry relevant, multidisciplinary competitions for student members. Competitions can provide purpose for the student chapters and members, in addition to giving back to their communities.

Goal 3. Develop Leaders for the Profession
Lead efforts to enhance leadership development and cultivate the talent necessary to address the nation’s grand challenges; ensure the enduring stewardship of the A/E/C profession.
College Outreach will continue to enhance leadership development through mentoring, professional development, and engagement in SAME activities and events. College Outreach
also helps to develop leaders by providing meaningful leadership content through the Virtual Student Chapter for all student members.

**Goal 4: Enrich the STEM Pipeline for the Nation**

*Lead efforts to inspire, encourage, and enable youth to pursue STEM careers; help develop the technical capacity that our nation needs to remain globally competitive.*

The College Outreach COI seeks to provide guidance, best practices, and support to SAME student members and network of student chapters that keeps students on a path toward a STEM career.

**Goal 5. Prepare Servicemembers and Veterans for the A/E/C Industry**

*Lead efforts to fully integrate military and government members in the A/E/C industry; support training, credentialing, and networking initiatives that build, maintain, and translate skills to meet current and future needs.*

College Outreach will intentionally invest attention and support in leader-producing institutions and critical masses of military engineers.
