ANNUAL REVIEW PROCESS

The SAME National Office will regularly review all aspects of membership to make proactive judgements, select impactful initiatives and resource our decisions. The review will be presented to the Executive Committee yearly in conjunction with the planning and budgeting process. By doing so, we will be better equipped to retain current members, recruit new members, build value, and grow the organization.

GENERAL REVIEW
The SAME National Office will review and report on membership data and participation such as:

- Number of members in each category with prior year comparisons to reveal trends
- Retention rates within each category
- Revenue generated by each category
- Demographics such as primary responsibility (i.e. engineering, executive management, business development, etc.), seniority level, etc.
- Demographics relative to diversity, equity and inclusion
- Post affiliation
- Community of Interest selection
- National event and program participation

Resulting questions to ask may include:

- What is an acceptable retention rate? How does retention vary between categories? Is retention particularly low in certain categories?
- Are we providing programs, products, and services that deliver value to the major segments of our current membership?
- What are areas for growth, change, and opportunity?
  - Recruiting members
  - Adding value for underserved members segments
  - Sunsetting programs that are valued by only a small segment of members

STRUCTURE REVIEW
The Membership Structure will be reviewed to ensure the following outcomes:

- Membership operations, management, and data accuracy are operating efficiently and effectively.
- All individuals are treated equitably.
- Members have flexibility and can easily access benefits.
- Likeliness of engagement is easily measured.

What will be reviewed?

- Membership terms (i.e., length of membership)
- Member Benefits and value
- Operations, policies, procedures, and rules
- Member experience / direct feedback from members / member needs assessment survey

If improvement is needed, the SAME National Office membership team will recommend operational and/or structural changes and updates to the Executive Committee. Membership structural changes should be very infrequently needed.
DUES REVIEW
Performed annually in preparation and support of the SAME budget cycle. The end of the previous fiscal year budget will be used to calculate dues benchmarks.

Desired Outcomes for Membership Dues and Overall Membership Revenue Contribution to SAME
• Achieve a standard percentage of total organizational revenue generated by dues of 33%
  – This is the non-profit membership organization industry benchmark
• Substantially cover the cost of serving each member.
• Dues rates are equitably determined across member categories.
• Charge for the value provided and enable expansion of products and services.
• Maintain a simple SAME dues structure.

Process to determine if a dues change is recommended:
A. Determine average dues per individual needed to meet two benchmarks:
   1) Generate 33% of total operating revenue from membership (association industry standard)
      a. Calculate SAME’s average operating revenue in a typical year (i.e.: $7,400,000)
      b. Determine target revenue from membership dues (i.e. $7,400,000 x .33 = $2,442,000)
      c. Calculate rate per dues paying individual required to generate target revenue (i.e. $2,442,000 / 25,000 = $98)
   2) Cover membership operating expenses
      a. Calculate total costs related to providing services to members in a typical year (i.e.: TME, database, email, IT, websites, RVP expenses, Post support, membership, Post Leaders Workshop, overhead & personnel, etc.)
      b. Calculate rate per dues paying individual required to cover expenses.

B. Compare current annualized rates to benchmark rates and determine if rates meet either or both benchmarks.
   1) YES, benchmarks met – no adjustment needed.
   2) NO, benchmarks are not met – adjustment recommended.
      a. Propose new rates to meet one or both benchmarks and so combination of rates over entire membership more closely approaches benchmark 1.
      b. Present proposal to the Executive Committee
         i. If approved, Present to Board of Direction for Approval
         ii. If not approved:
            1. Revise proposal based on input from the Executive Committee
            2. Gather additional feedback from member focus groups
            3. Re-evaluate dues benchmarks and revise proposal
            4. Limit increases to certain categories and revise proposal
            5. Table an adjustment until the following year
      c. Present to Board of Direction for approval and implement at the start of the next fiscal quarter.
POLICIES, PROCESSES, and PROCEDURES

General Policies for all Membership Types

1. One member record per person.
2. Membership dues, once paid, are not refundable.
3. Memberships are not transferable.
4. Membership is valid for one year; renewal takes place on an anniversary date cycle.
5. Memberships are given a 60-day grace period for renewal. If a member has not renewed by paying the appropriate dues rate, the membership will be dropped.
6. To qualify for member rates for events, products, and services, the membership must be valid/paid in full at the time of delivery, not just at the time of purchase.

Individual Memberships

1. Individual memberships include membership in one Post, to be selected at the time of joining or renewing.
2. Membership in additional Posts may be purchased at a rate of $10 per Post. An individual may join as many Posts as desired.
3. A member may change their Post memberships once during their membership year without paying an additional fee by contacting the National office.
4. A member may add Posts during their membership year at any time at a rate of $10 per post. The rate will not be pro-rated.
5. If an individual changes employer during the course of their membership year which results in a change of dues type (i.e. government to private industry), the individual’s membership type will be updated accordingly but will not pay an additional fee. The new member type rate will be charged at the earliest next renewal.
7. Required fields to create individual member records are: name, job title, employer, mailing address, email address, and phone number. Uniformed service and government are requested to provide both a work and personal email address to both verify government status and to best communicate.
8. Uniformed Service Membership:
   a. Applies only for those currently on Active Duty.
   b. Reserve and Guard must join in their full-time employment category unless, when participating in SAME, they represent themselves only in the capacity of their Reserve or Guard capacity.
   c. At time of renewal, Uniformed members must validate that they are still on Active Duty. If a Uniformed Service member does not provide such validation, they may no longer qualify for the Uniformed Service Membership.
   d. Uniformed Service members who joined SAME prior to July 19, 2021 do not pay annual dues and membership remains active until they are no longer on Active Duty.
      i. Around the join anniversary date of these Uniformed Service members, the SAME National Office will request validation of uniform status via email.
      ii. If a Uniformed Service member does not provide validation after three contact attempts, the membership will be dropped.
iii. Dropped “Grandfathered” Uniformed Service members may be reinstated if validation is provided that they are still on Active Duty, provided it is within one year of the record being dropped.

9. Government Civilian Membership:
   a. Applies to those employed directly by a federal, state, or local government agency.
   b. Contractors are not eligible for this member type.

10. Private Industry Membership:
    a. Applies to those employed by a privately-owned company, government contractor, or are self-employed.

11. Non-Profit or Academic Institution Membership:
    a. Applies only for those who are employed by:
       i. A non-profit organization such as a 501(c)3 or 501(c)6.
       ii. An academic institution such as a college or university, military academy or high school.

12. Retired / Unemployed Membership:
    a. Applies only for those who are:
       i. Fully retired and not working in any capacity
       ii. Unemployed
       iii. Full time students over age 40.
    b. No company name or other employer-related information can appear on their record.
    c. The email on record must be a personal email.
    d. Retired military or civilian but working in the private or nonprofit/academic sector does not qualify for this membership.

13. Student Membership:
    a. Applies only for those who are:
       i. A full-time high school student
       ii. A full-time undergraduate student
       iii. Either of the above and aged 25 or younger.
    b. The following are required to qualify:
       i. Valid birthdate (month and year is adequate). Join process for students restricts age.
       ii. A graduation year that is not more than four years from the time they join.
       iii. A high school or college name indicated in the record.
       iv. Any member who does not have the three required items will be made inactive and will receive an email in indicating that they need to fix the discrepancy. They will receive one reminder, and then 30 days later their membership will be dropped.
    c. Anyone who has “aged out” will have to option to join as a young or other member type.
    d. Student memberships will be valid until November 1 of their graduating year. If a student does not graduate, they must confirm they are still a full-time student and provide a new graduation date.
    e. For a full-time student over the age of 25 but under age 40, the Young Professional Government rate applies.
    f. For a full-time student over the age of 40, the “Not Working” member rate applies.

14. Young Professional Memberships:
a. A Young Professional rate will be offered in each membership category except Retired/Unemployed.
b. Individuals who are aged 39 and younger qualify for this rate.
c. A birthdate is required to qualify for the young member rate.
d. The full rate in the corresponding category will be billed at the first renewal after the member turns 40.

15. Life Memberships:
   a. A life membership may be granted to an individual member by an authorized party.
   b. As of July 19, 2021, life memberships cannot be purchased.
   c. Once granted, an individual holding a life membership is not required to pay dues to SAME.
   d. Life members will be grandfathered with the number of Posts on their membership as of July 21, 2021. Posts added after July 21, 2021 will incur a $10 annual fee.
   e. The SAME National Office will conduct annual audits on life memberships to ensure information on file is accurate.
**Company Memberships**

1. Company dues are calculated based on the total number of employees for the entire company. SAME will regularly audit company employee counts via their DUNS.

2. If member companies merge, pro-rated dues will be credited to the new/combined company membership. SAME will regularly audit company employee counts via their DUNS.

3. Joint Venture memberships pay dues based on the total number of employees of all companies in the Joint Venture. SAME will regularly audit company employee counts via their DUNS.
