

The Value of Membership

Few organizations provide exposure to a such broad variety of professional experience and expertise while at the same time supporting the defense of our nation. There is no way to compare and contrast the value of SAME as there is no organization that provides the services that SAME provides.

– Lawrence Schorr, 787th Civil Engineer Squadron

DID YOU KNOW?

The first Sustaining Members joined in the 1950s, the same time the Society began hosting an annual Military-Industrial Conference, which drew widespread attention from many notable national leaders, including remarks from President Dwight Eisenhower. SAME's continues to support strong industry-government engagement today.

A Global Reach

SAME members live and work across the United States and around the world—in deployed environments with the military or in strategically important places such as Korea, Guam, Germany and the United Kingdom.

The Society has Posts in all major U.S. cities and nearby many military bases and federal installations. Throughout the decades, SAME also has frequently established Posts where they have been needed, such as in Vietnam in the 1960s or the Middle East after 9/11. Today, SAME has over 100 Posts and Field Chapters worldwide. No matter where your business does business, you will find fellow SAME members there.

Collaborating Across the Industry

SAME's nearly 1,600 member companies support all aspects of the federal A/E/C industry, providing a direct opportunity for your business to build meaningful connections throughout the marketplace.
