

Memorandum of Agreement
Society of American Military Engineers and National Veteran Small Business Coalition

The terms and conditions outlined in this Memorandum of Agreement will guide the Society of American Military Engineers (SAME) and the National Veteran Small Business Coalition (NVSBC). Its execution recognizes the intent of the two entities to form a strategic alliance to facilitate collaboration, education and information sharing, to enhance professionalism in the A/E/C small business sector, and to enhance both organizations' goals of supporting veterans.

National Conferences. SAME and NVSBC agree to advertise each other's national conferences in their respective media and to provide a link to the conference website from their websites when provided. SAME will offer NVSBC complimentary exhibit space and associated conference registrations at appropriate annual conferences. NVSBC will offer SAME a complimentary exhibit space at its annual conference(s).

Focus. NVSBC agrees to work with SAME to offer education and training at local levels via promotion of the national partnership and sharing of key local contacts. NVSBC and SAME will collaborate on specific training for the SBC program and assist with providing subject matter experts. SAME will include NVSBC in any communities dedicated to small business and/or veteran transition.

Marketing. SAME and NVSBC agree to announce the partnership to their respective memberships via e-mail and/or social media and will include a perpetual link recognizing the partnership on their respective websites.

Term of Memorandum of Agreement. SAME and NVSBC both agree that this agreement is effective as of the date of signing by the Leadership of each organization and shall continue until either or both parties, with 90 days written notice, declare it null and void. This agreement may be supplemented by additional operating agreements to be signed by the parties to this MOA.
