

# WHY JOIN SAME?

Founded in 1920, SAME is the premier professional association focused on leading collaboration between government, industry, and academia to identify and resolve national security infrastructure-related challenges, support veterans and their preparation for post-service careers, and help develop the next generation of STEM leaders for our profession.

## DEVELOPING LEADERS FOR THE PROFESSION

Through mentoring initiatives, strategic partnerships, college chapters, and leader development programs, SAME is investing in opportunities to develop the next generation of leaders to carry the A/E/C profession forward.

## PREPARING VETERANS FOR THE A/E/C INDUSTRY

SAME is committed to assisting America's veterans by providing training, credentialing and networking opportunities to strengthen their professionalism while in uniform and better position themselves for success when they transition.

## INDUSTRY-GOVERNMENT ENGAGEMENT

By bringing stakeholders together and helping them solve real challenges at the local, regional and national levels, SAME offers the most ethical platform for collaboration between public and private sector engineering professionals —as it has for 100 years.

## STRENGTHENING RESILIENCE THROUGHOUT THE COUNTRY

Through enduring relationships with military installations and local communities, SAME Posts are uniquely positioned to address the nation's evolving natural and man-made climate and disaster risks and realize solutions to increase resilience and mission assurance.

BECOME INVOLVED

## PRODUCING STEM PROFESSIONALS FOR THE NATION

SAME is building a kindergarten through young professional system of outreach and engagement to inspire, educate, and guide youth into STEM careers to help the country remain globally competitive through the 21st century.

BE A LEADER. ★ MAKE A DIFFERENCE. ★ JOIN SAME.

- Dedicated to National Security Since 1920 -

# WHY JOIN SAME ?

## OUR MISSION

Build leaders and lead collaboration among government and industry to develop multidisciplinary solutions to national security infrastructure challenges.

## NATIONAL INVOLVEMENT

Communities of Interest offer members a chance to engage with other professionals focused on a particular area of interest or demographic within the A/E/C industry.

- Architectural Practice
- College Outreach
- Young Professionals
- Leader Development
- Energy & Sustainability
- Engineering & Construction Camps
- Enlisted
- Environmental
- Facility Asset Management
- International
- Joint Engineer Contingency Operations
- Resilience
- STEM
- Small Business

## 2025 VISION

Serve our nation as the foremost integrator for leadership development and technical collaboration within the A/E/C profession.

## LOCAL CONNECTIONS

Posts are the foundation of SAME and serve to build lasting relationships between government and industry partners so they can work collaboratively to strengthen the resilience of our nation.
