Flood Fight Contracts

During the recovery stages of the 2019 Nebraska, Iowa and Missouri floods, the U.S. Army Corps of Engineers is going to be awarding approximately 36 contract actions. Of those, 6 actions have been determined not to be appropriate for a Small Business set-aside either based on complexity, bonding limits or a combination of both, thus these actions will be awarded as Task Orders using our RDI (Rapid Disaster Infrastructure) contract (S). The remaining 30 or so contracts will be issued using processes in accordance with the Stafford Act.
