What Are APEX Accelerators

The **APEX Accelerators Program**, formerly known as the Procurement Technical Assistance Program (PTAP). It is administered by Department of Defense (DoD) Office of Small Business Programs (OSBP) in cooperation with states, local governments, and nonprofit organizations.

Ninety-four APEX Accelerators – with over 300 local offices – in 49 states, Washington, D.C., Puerto Rico, Guam, and Northern Mariana Islands form a nationwide network of dedicated procurement professionals working to help local businesses compete successfully in the government marketplaces.

Mission: Serve as the axis for existing and new business to strengthen the defense industrial base by accelerating innovation, fostering ingenuity, and establishing resilient and diverse supply chains.

Vision: A diverse and resilient domestic industrial base that can deliver preeminent solutions to the military and other government users.
