

Society of American Military Engineers

Dedicated to the National Defense

SAME Orange County Post Scholarship Criteria

For Community College STEM Field Students

Students Who May Apply¹

Major: Any STEM Field degree

Grade: Enrolled full-time as of Fall 2024 with the intent to transfer within the next four semesters to a university (4-year school) to pursue a STEM field degree

GPA: 3.0 minimum overall GPA

Scholarship Description

Several \$4,000 Scholarships are available to students interested in pursuing a STEM field degree and currently enrolled in community college in Orange County². Scholarships will be presented at the SAME Scholarship Lunch Meeting held on October 17, 2024.

Considerations for Selection

- Academic Performance (GPA, award or other recognition)
- Financial Need (Student must list other scholarships awarded)
- Current and Past Professional Involvement (Participation in student engineering associations)
- Work experience (Engineering and/or other)
- Community Involvement
- Other Campus Activities
- Participation in a SAME student chapter or SAME OC post activities

¹ Previous awardees of the SAME Scholarship are eligible, as long as they have not received the SAME Scholarship award for two consecutive years.

² Students attending schools outside of Orange County, but who graduated from an Orange County high school are also eligible
