

Society of American Military Engineers (SAME) Educational Grant for Math and Science Grades K-12

The Society of American Military Engineers (SAME) is offering educational grants for up to \$3,000.00 for elementary and secondary schools for the upcoming 2025-2026 school year for schools within a 100-mile radius of Saint Paul, Minnesota. Additionally, a school can apply for the grant in coordination with a SAME MSP member as a sponsor / facilitator, even though they are outside of the 100-mile radius.

One fundamental goal of SAME is... *To promote an understanding of, and appreciation for, the engineering related disciplines and to help the young people in our communities be better prepared to become our future engineers...* The Minneapolis - St Paul Chapter of SAME is requesting applications from schools and classroom teachers who are committed in supporting the math and sciences that support future engineering-related career opportunities. We are encouraging all grade levels to participate.

Applications for these grants will be reviewed on the following criteria:

- Creativity and quality of proposed project
- Demonstrated demand or need for the project
- Support of the Minnesota or Wisconsin math and/or science academic standards

Applications are due April 25, 2025.

Elementary and secondary teachers / schools that are promoting the math and sciences are encouraged to apply.

The application forms are posted on the SAME website. For application forms and a listing of the historical grants awarded go to:
