## RELOCATING???

Did you get a new job or assignment? Or maybe there's some other reason you are or soon will be relocating away from the San Antonio area? There are many important things to think or be concerned about when moving - home, utilities, school for the kids, changing of mail address, vehicle registration and more.

Those, of course, are everybody's focus areas as they prepare for the next big step in their career or personal lives.

As you work those things in your move, it's easy to forget about your SAME membership. Things like what happens to my membership or is there a Post/Field Chapter where I'm relocating to may not be on the top of your list to think about and rightfully so.

So we are here to help you with your SAME membership transition. Just email us where you are moving at [samesatx@gmail.com](mailto:samesatx@gmail.com) and we will help getting your membership record changed and notifying the Post/Field Chapter in the area you are moving to.

We value you as a SAME member and even though you may be moving away from the San Antonio area we want you to continue to receive all the benefits of membership with our great Society.

## JOURNEY TO FELLOW

Journey to Fellow is a SAME Committee to support/help your path to becoming a SAME Fellow. There will be 4 virtual meetings quarterly. The first virtual meeting will be held **January 14, 2026 at 12 PM Central Time**.

About the January Meeting – **“Navigating Your Journey”**

*“No two careers are the same and our paths may twist and turn as we carry our passions towards our goals. However, those detours don’t need to come at the expense of our long-term goals and achievements! In fact, they may be some of the most rewarding and challenging experiences. Thinking through and making a game plan during these seasons to make sure our long-term goals stay on track is incredibly important if we want to meet those goals. In this seminar, we plan to discuss the various challenges and experiences that SAME professionals in the private or public sector may face throughout their career and approaches or tactics that will help them maintain their trajectory to becoming a member of the Academy of Fellows – an aspiration that should be shared by all members as the pinnacle of professional achievement and indication of commitment to the profession, both now and in the future.”*

**Registration is open for this first meeting.** See the QR code (or use the link) below to register. If you have any questions, contact Post Board Member, **Steve Holt**, at [shh@mocasystems.com](mailto:shh@mocasystems.com).

## Supporting Project MEND

During a recent volunteer opportunity at Project MEND's facility (see <https://www.projectmend.org/>), we had a discussion with the staff at the facility. They indicated there is greater demand for used medical equipment than there is supply and are in need of old/used equipment that they can repurpose.

Project MEND is a nonprofit agency dedicated to helping low-income people with disabilities obtain medical equipment and financial assistance to help with the purchase of assistive technologies medically necessary for rehabilitation and recovery. In their facility they accept the used equipment, make any necessary repairs, sanitize it and then reissue it to those in need.

For over 30 years, Project MEND has a rich history rooted deep in San Antonio. Founded in 1992 by Murlin Johnson (1936-2007) and formally incorporated in 1993 as a 501(c)3 nonprofit organization, Project MEND, also known as the "Medical Equipment Network for those with Disabilities," has been providing for the home medical equipment and assistive technology needs of persons with disabilities in San Antonio and around Texas.

If you, your family or know of anyone that has medical equipment that is no longer required please donate the item(s) to Project MEND, located at 5015 Wurzbach Rd. San Antonio Texas 78238. They may be reached by calling (210) 223-6363 extension 3.

In this presentation, Rich will help our attendees understand:
    - 1. Understand what the GSA Multiple Award Schedule (MAS) really is and what it is not.**  
You will learn why the MAS is a sales channel, and why companies win when they treat it as part of their sales strategy rather than just access to more bidding opportunities.
    - 2. Identify ways to truly find if and where your products and services fit in the MAS.**  
You will walk away knowing how to map your offerings to the correct SINs, verify real demand, and determine whether the Schedule aligns with how your target agencies buy.
    - 3. Understand how the GSA pricing structure actually works and how work is won.**  
You will learn how pricing is evaluated, how to ensure you're competitive, and how successful contractors win without necessarily being the lowest bidder.
- **8:15 – 8:30 PM** Closing Remarks & Networking

## **Gen. Kenneth Wilsbach Sworn in as 24th Air Force Chief of Staff**

(AF CE Weekly Email Nov 18, story by Secretary of the Air Force Public Affairs)

ARLINGTON, Va. (AFNS) -- Gen. Ken Wilsbach was sworn into office as the 24th Chief of Staff of the United States Air Force, Nov. 3.

Secretary of the Air Force Troy Meink administered the oath of office. Wilsbach was confirmed by the U.S. Senate on Thursday, Oct. 30 by unanimous consent.

"I want to welcome General Wilsbach as the 24th Chief of Staff of the Air Force," said Meink. "With his vast experience in the Pacific and as a commander at all levels, he is the right leader for the Air Force. I also want to thank his wife Cindy for standing by his side throughout his career, and I look forward to their continued support and advocacy for our Airmen and their families."

Wilsbach, nominated by President Donald Trump in September 2025, formerly commanded Air Combat Command, Joint Base Langley-Eustis, Virginia. He succeeds Gen. David Allvin.

As the Air Force's senior-most officer, the CSAF is responsible for organizing, training, and equipping nearly 665,000 active-duty, Guard, Reserve and civilian forces. As a member of the Joint Chiefs of Staff, Wilsbach and other service chiefs function as military advisers to the Secretary of War, National Security Council and the President.

In September, after his nomination, Wilsbach shared his intent to strengthen warrior ethos, build a more lethal force and advocate for Airmen and their families.

In a letter to the force, Wilsbach shared his vision of Airmen's enduring purpose: 'Fly. Fix. Fight.' He also stressed the need to maintain readiness, invest in modernization and solidify warrior culture.

"Every Airman, no matter their specialty, contributes to the generation of airpower to support the joint fight," he said. "From the flightline to the cockpit, from logistics to networks, every part of our Air Force delivers combat power. Together, we afford our nation the ability to deter aggression and when necessary, to fight and win."
