

## Learn more

The USA "Welcome to the Jungle" Event was a successful initiative aimed at engaging engineering students and introducing them to student organizations, faculty, and industry sponsors. The SAME Student Chapter, led by Chapter President Logan Blocker, demonstrated outstanding leadership in recruiting efforts, resulting in over 30 prospective members expressing strong interest in joining the organization.

## Attendance

Students in attendance showed a clear enthusiasm for the SAME network, particularly its focus on career development opportunities, including upcoming CAD workshop events. In partnership with the USA Department of Engineering, the Chapter not only met but exceeded its recruitment goals, with 15 students officially joining SAME.

## Congratulations!

Congratulations to Logan Blocker and the USA SAME Student Chapter Team for their exceptional work and dedication. The Chapter held its first monthly meeting on August 28, 2025, to formally welcome new members and begin the academic year with a strong foundation.
