

SAME 2026 Marketing Guide

Strengthen Your Brand Across the A/E/C Industry

Your company's resource for membership,
sponsorship, and advertising opportunities
with SAME.

SAME Mission

Lead collaboration in support of our national security priorities.

SAME Vision

Serve as the trusted integrator across the A/E/C and related professions in addressing our nation's economic and security interests at home and abroad.

Enduring Purpose

To promote solidarity and cooperation between engineers in civil and military life, to disseminate technical knowledge bearing upon progress in the art of war and the application of engineering science thereto, and to preserve and maintain the best standards and traditions of the profession, all in the interests of patriotism and national security.

Dedicated to National Security

Founded in 1920, SAME brings together individuals and organizations from the military, government, industry, and academia in support of national security. With a mission to lead collaboration, the Society is committed to Drive Partnerships, Deliver Solutions, and Develop People by uniting a broad spectrum of professionals encompassing architecture, engineering, construction, acquisition, environmental management, resilience, facility maintenance, cyber security, and business development.

By providing opportunities for training, education, personal growth, and professional development through conferences, workshops, publications, webinars, volunteer opportunities, and other member-driven programs, SAME connects critical stakeholders to help secure America’s future, together.

Reaching the Right Audience

SAME is a terrific organization and has proven invaluable in my networking and company branding efforts.

- Joseph Domingue, ATAS International

DID YOU KNOW?

SAME Corporate Members represent all size firms within the A/E/C industry, so whether you need subcontracting support, are searching for teaming agreements, or are looking for a mentor firm, engagement through SAME enables you to build business-to-business connections. A total of 896 member companies have less than 50 employees; 201 companies have between 51 and 100 employees; 309 companies have between 101 and 1,000 employees; and 111 companies have over 1,001 employees.

Who We Are

SAME is *the* organization the public sector A/E/C community turns to for collaboration and connections. The Society's history of building relationships and fostering trust between the public and private sectors means one thing for your company: confidence—the confidence that your involvement will make a positive difference in strengthening your business, strengthening the engagement between industry and government, and strengthening the nation's overall industrial base, an essential element to ensuring America's technological advantage in this era of global change and Near Peer Competition.

Have confidence in your marketing and branding investments. Reach the right audience through SAME.

Meet Decision-Makers

Make connections that matter. Over half of all SAME members have decision-making authority at their agency or company. Establish relationships and build trust that will support your business development needs for the long run. More than 500 of our 1,619 member companies have been members over 10 years, and 125 companies have been members over 25 years. Last year, 265 new member companies joined.

Public Agencies and SAME

The Society is fortunate to have participation from agencies across the federal government and Department of Defense. Through SAME, your company can make connections and build relationships with numerous local and federal agencies, helping to strengthen national security.

- Architect of the Capitol
- Department of Energy
- Department of Homeland Security
- Department of State
- Department of Veterans Affairs
- General Services Administration
- National Aeronautics & Space Administration
- National Oceanic & Atmospheric Administration
- National Park Service
- Office of the Secretary of Defense
- Small Business Administration
- U.S. Air Force/Air Force Civil Engineer Center
- U.S. Army/U.S. Army Corps of Engineers
- U.S. Coast Guard
- U.S. Customs & Border Protection
- U.S. Marine Corps
- U.S. Navy/Naval Facilities Engineering Systems Command
- U.S. Public Health Service
- U.S. Space Force

The Value of Membership

Few organizations provide exposure to such a broad variety of professional experience and expertise while at the same time supporting the defense of our nation. There is no way to compare and contrast the value of SAME, as there is no organization that provides the services that SAME provides.

– Lawrence Schorr, 787th Civil Engineer Squadron

DID YOU KNOW?

The first Corporate Members joined in the 1950s, the same time the Society began hosting an annual Military-Industrial Conference, which drew widespread attention from many notable national leaders, including remarks from President Dwight Eisenhower. SAME continues to support strong industry-government engagement today.

A Global Reach

SAME members live and work across the United States and around the world—in deployed environments with the military or in strategically important places such as Korea, Guam, Germany, and the United Kingdom.

The Society has Posts in all major U.S. cities and many military bases and federal installations. Throughout the decades, SAME also has frequently established Posts where they have been needed, such as in Vietnam in the 1960s or the Middle East after 9/11, and now Poland, Ukraine, and Australia, all forming since 2024. SAME has over 100 Posts and Field Chapters worldwide. No matter where your business does business, you will find SAME members.

Collaborating Across the Industry

SAME's 1,600+ member companies support all aspects of the federal A/E/C industry, providing a direct opportunity for your business to build meaningful connections throughout the marketplace.

Benefits of Your Company's SAME Membership

SAME provides unmatched opportunities to achieve your business goals supporting military, federal, state, and local agencies. Be a trusted partner in the A/E/C sector: become an SAME member company!

- Build your firm's relationships and name recognition with the public and private sectors.
- Exhibit at or sponsor events at the local (Post) and national levels, advertise in *TME*, and get preferred opportunities to feature your company in our digital advertising platforms.
- Expand your brand with listings in our searchable online Company Directory.
- Participate in Listening Sessions, Table Top Exercises, and other industry-government engagement discussions with senior leaders.
- Provide your employees, especially young professionals (YP), with leadership opportunities at Posts, the chance to apply for SAME's Leader Development Program, and opportunities to serve as mentors at SAME's Camps.
- Utilize the SAME logo in your marketing outreach.
- Help your employees grow in their technical area of expertise through SAME's Communities of Interest, Councils, and Committees.
- Special rates for members to be new subscribers to FedMine, GovWinIQ, and Federal Compass.
- Conduct business development through regional and national conferences, symposiums, industry days, workshops, and small business fairs.
- Create local relationships and connect with decision-makers at over 100 Posts and Field Chapters.
- Preferred pricing to list your open positions in the SAME Career Center and recruit at the SAME Career Transition Workshop each year.
- Access to the members-only online forum SAME Engage.

SAME's Premier National Events

In only a few days you can get updated on important information, garner ideas to try at your job, and learn about a spectrum of interesting engineering subjects while earning continuing education credits. Along the way, you can catch-up with colleagues you haven't seen in a while and you realize you're part of the engineering family. That is the definition of JETC.

- Wayland Patterson, Air Force Civil Engineer Center

DID YOU KNOW?

Throughout the last two years, SAME has keyed in on ways to increase the dialogue between the public and private sectors despite physical limitations posed by the pandemic. That meant a sizeable increase in virtual events and webinars, deeper focus on industry-government engagement, and an expansion of the Executive Advisory Group. Involvement in SAME provides companies in the A/E/C industry the chance to engage in discussions that are helping shape federal contracting and project delivery.

Bringing Professionals Together

SAME's national events are attended by senior thought leaders, decision-makers, and technical experts. Participants represent the uniformed services, federal agencies, and the private companies that build America, support infrastructure, and provide products and services that deliver the mission. There is no better place to engage and connect in the public sector A/E/C community than at SAME's national events.

2026 Event Schedule

February 11-13:

Career Transition Workshop,
Linthicum, Md.

March 24-26:

Capital Week,
Rockville, Md.

May 19-21:

Joint Engineer Training
Conference,
Portland, Ore.

August 2-4:

Post Leaders Workshop,
Scottsdale, Ariz.

March 3-5:

Europe Tri-Services Regional
Summit, Frankfurt, Germany

November 4-6:

Federal Small Business
Conference,
Charlotte, N.C.

SAME Capital Week

March 24-26, Rockville, Md. • www.samecapweek.org

Capital Week features the DOD & Federal Agency Program Briefings and SAME Foundation Fundraising Reception, as well as other select secondary activities.

DOD & Federal Agency Program Briefings

March 24-26

The DOD & Federal Agency Program Briefings provide an overview of the coming fiscal-year budget for DOD and federal agencies, providing invaluable procurement and budget information presented by program directors from the uniformed services and select federal agencies. The event also provides discussions featuring the Engineering Leaders and, of course, unparalleled networking with industry executives. This exclusive event is open to SAME Members only, ensuring you have unparalleled networking opportunities and one-on-one discussions with decision-makers.

IGE Summit

During Capital Week, SAME hosts the IGE Summit to bring forward industry-government engagement issues for collaborative discussion and problem-solving. Subject matter experts and public and private sector senior leaders (including from SAME's Communities of Interest and National IGE Projects) develop and facilitate the IGE Summit.

These in-depth forums are held the day prior to the DOD & Federal Agency Program Briefings (*separate registration required*).

SAME Foundation Soaring Eagle Award Dinner

March 25

Presented by the SAME Foundation, the Soaring Eagle Award honors visionary leadership that uplifts the A/E/C industry and inspires the next generation of STEM professionals.

This prestigious national recognition celebrates individuals whose bold leadership, innovative thinking, and commitment to mentorship are shaping a smarter, more resilient future for the architecture, engineering, and construction community.

The SAME Foundation serves an invaluable philanthropic role by investing in programs that provide Society members, America's youth, veterans, and others in the A/E/C community with unmatched opportunities to develop and grow both personally and professionally. Through your generous support, you will help expand impactful initiatives like SAME's Leader Development Program, STEM/Engineering & Construction Camps, Camps Mentoring Program, and AI/AN STEM Pathways Program.

Become a Celebrated and Recognized Benefactor!

Join us as a benefactor of the Soaring Eagle Award Celebration and position your brand in front of a high-impact audience of federal A/E/C leaders, decision-makers, and rising professionals.

- Titanium: \$25,000 (one available)
- Platinum: \$15,000 (four available)
- Gold: \$7,500 (ten available)
- Silver: \$4,500 (unlimited available)

Joint Engineer Training Conference

May 19-21, Portland, Ore. • www.samejetc.org

The Joint Engineer Training Conference & Expo, also SAME's annual meeting, brings the A/E/C community together for professional development, technical training, exploring solutions in the exhibit hall, and countless networking opportunities. JETC is the premier event for uniformed services engineers to learn and collaborate in a joint environment—unique to the A/E/C industry and offered only by SAME.

Don't miss the opportunity to showcase your services and products in the federal market and ignite your success. Whether your company is large or small, established or just starting out, JETC offers the opportunities that will meet your goals and budget and give you maximum return on investment.

JETC is a unique event within the A/E/C sector, combining education and training tailored to all disciplines within military engineering; collaborative forums and seminars bringing together industry, Combatant Commands, uniformed services, and other agencies; ample networking and business development; and awards and recognition activities to highlight excellence across SAME and the profession. There's nothing else like it!

Seniority Level of JETC Attendees

JETC Booth Pricing

(10x10 space including carpet, table, two chairs, one event registration, directory listing)

COMPANY SIZE	TIER 1 (Premium Placement) Member Companies Only	TIER 2 Member Company	TIER 2 Non-Member
Small (1-100 empl)	\$3,400	\$2,800	\$4,000
Medium (101 - 2,000 empl)	\$3,900	\$3,200	\$4,500
Large (2,001 + empl)	\$4,500	\$3,600	\$5,000

JETC Sponsorship Opportunities

Being a sponsor at JETC is a way to ensure your company is at the forefront of the attendees' minds.

The new sponsorship structure no longer requires companies to select a sponsorship opportunity within a specific level. Instead, companies will select a level and be recognized as sponsoring multiple opportunities assigned to that level. These changes allow your company to receive more recognition throughout each event, benefiting from additional exposure opportunities.

LEVEL	COST	Benefits May Include <i>(vary by level)</i>
Titanium	\$27,500	<ul style="list-style-type: none"> • Booth Space • Event Registrations • Advertisement in Event Program • Logo and link on event website • Company name or logo on event signage • Special signage at exhibit booth if exhibiting

Federal Small Business Conference

November 4-6, Charlotte, N.C. • www.samesbc.org

The Federal Small Business Conference for the A/E/C Industry brings together decision-makers from government agencies and businesses operating in the federal marketplace to deliver the most comprehensive and useful market research experience possible in support of strengthening the national industrial base.

At SBC, attendees learn about prime and subcontracting opportunities for small businesses; connect with teaming partners; build valuable client/consultant relationships; share best practices; and support the nation's contracting goals and industry capacity needs.

More than a dozen federal agencies participate each year, including the U.S. Army Corps of Engineers; Naval Facilities Engineering System Command; Air Force Civil Engineer Center; Department of Veterans Affairs; Department of Energy; General Services Administration; Department of State; and Small Business Administration.

Additional Event Opportunities

SAME provided a great event and platform, allowing for a successful government and industry engagement! The speakers were very informative and insightful. I look forward to participating in this event and networking with many familiar faces each year.

- Christina Wooldridge, Black & Veatch

DID YOU KNOW?

Since 2015, SAME has signed strategic partnerships with over 30 professional organizations, many of which include discounted rates for Society members to attend their conferences and workshops and access training courses and other resources. Your participation in SAME further extends your reach to the members of our partner organizations such as the Associated General Contractors of America, American Institute of Architects, Construction Management Association of America, and more.

Career Transition Workshop & Job Fair

February 11-13, Linthicum, Md. • www.same.org/transition

This unique event gives those transitioning from service or looking for new opportunities a head-start by helping them strategize about next steps and enabling them to meet recruiters from a range of companies.

If your company is looking for top talent, you can meet with great professionals at all experience levels who are well-versed in achieving missions in the federal marketplace.

Recruiting Suites

COMPANY SIZE	MEMBER COMPANY	NON-MEMBER	Benefits Include (vary by level)
Small (1-100 empl)	\$1,500	\$2,000	(Includes two event registrations, copies of resumes from all job seekers, scheduled 20-minute appointments with job seekers, and networking opportunities.)
Medium (101- 2,000 empl)	\$2,000	\$2,500	
Large (2,001+ empl)	\$2,500	\$3,125	
Academic Institution	\$500	\$750	*Government agencies qualify for complimentary recruiting suites.

Post Leaders Workshop

**August 2-4,
Scottsdale, Ariz. •
www.same.org/plw**

Each summer, SAME hosts a multi-day training and networking workshop for volunteer leaders across the Society. Post Leaders Workshop is a laid-back atmosphere with ample networking and group activities.

Sponsorship opportunities include receptions, breaks, and contest giveaways.

SAME Publications & Advertising

Each month I am amazed at the content of the Real TiME. It is phenomenal at the amount of valuable content produced each month in the newsletter. I was able to update my calendar and learn a few new things that I was unaware of.

– Cindy Lincicome, F.SAME, TLI Construction Inc.

DID YOU KNOW?

In addition to its readership in print, each issue of *The Military Engineer* is available online in an user-friendly digital format that includes links to advertiser websites. The digital version of the magazine can be read and downloaded by anyone, anywhere, which means that your company's brand will be seen by professionals both inside and outside the SAME community.

Keeping SAME Informed

Since its inception over 100 years ago, the Society has aimed to connect people from across the military engineering spectrum and ensure they are informed about the latest news and developments in the industry.

Today, from newsletters to websites to social media, mobile apps, and the award-winning *TME* magazine, the Society continues to promote the impact of its members while featuring technical contributions from the engineering community including servicemembers, government civilians, private sector professionals, and academia.

Advancing through-leadership is a main priority of SAME's publications and websites. Being a contributor, advertiser, or provider of sponsored content is a great opportunity for both individuals and companies to be seen as experts in their field.

TME, *Real TiME*, and both the SAME Newsroom and SAME.org national websites are professionally edited, designed, and produced by the National Office staff. Take advantage of these cross-channel platforms to promote your company and secure the traction you seek in advancing your brand with the right audience.

By The Numbers: TME in 2024

Average page length of each issue

43

Average number of advertisers in each issue

21,026

Average number of copies mailed per issue

TME—The Military Engineer

Since 1920, *The Military Engineer* has been the leading voice championing the accomplishments, the contributions, the lessons learned, and the legacy of military engineers and those aligned with ensuring the national security of the United States. Its role as the flagship publication of the Society remains as strong as ever. In the 2025 SAME Member Survey, *TME* rated highest in Member Satisfaction of all SAME products and services.

TME features articles and columns on trends that matter to government and industry. The magazine informs decision-makers on new initiatives and techniques being used in the field, and highlights critical projects and research that are advancing the resilience and sustainability of America's infrastructure.

Advertising opportunities are available to meet your company's budget, including multiple ad sizes and packages, sponsored content advertorials, and a program tailored specially to small businesses.

Your Industry's Source

Throughout 2025, *TME* averaged advertising from more than 40 companies each issue, continuing several years of strong performance. Print offers a lasting medium to build your brand awareness and strength—and *TME* is the only publication that uniquely covers the federal A/E/C market and has readers from military, government, and industry.

Award-Winning

The *TME* Vietnam Commemorative Issue was honored by Association Trends as its Gold Winner in the 2017 All Media Contest for the Commemoration/Tribute Category. *TME* was

recognized for "the superior quality and excellent creative evident in the preparation and production."

Increased Visibility

In addition to SAME's membership, *TME* has a number of institutional subscribers, including universities, military bases, and research libraries, which brings additional awareness to the publication—and to your company's advertisement.

Institutional subscribers include:

- EBSCO Subscription Service
- Rand Library Acquisitions
- USACE History Office
- USACE Technical Library
- Naval War College Library
- U.S. Military Academy Library
- National Ground Intelligence Center

Additional Distribution

TME also has enjoyed bonus distribution at strategic partner conferences and all of the Society's in-person national events, which often draw upwards of 20 percent non-members.

TME 2026 Editorial Calendar

REMARKS
from the President

Enhancing Industry-Government Engagement

The remarks of our President, Mr. [Name], at the [Event] in [Location] on [Date] were a testament to the importance of enhancing industry-government engagement. As we move forward in our mission, it is crucial that we continue to foster a strong relationship between the private sector and the federal government. This engagement is essential for addressing the challenges we face and for ensuring that our policies and programs are effective and efficient. We will continue to work closely with industry leaders to identify areas for improvement and to develop solutions that benefit both the public and the private sector. Thank you for your attention and for your commitment to our shared mission.

Col. [Name], USAF (Ret.)
SAME President 2018-2019

GOVERNMENT & INDUSTRY NEWS

REPORT EXAMINES INDUSTRIAL BASE

The Department of Defense (DOD) has released a report titled "Industrial Base Assessment" that examines the current state of the industrial base and identifies areas for improvement. The report highlights the importance of the industrial base in supporting the nation's defense and economic interests. It also provides recommendations for strengthening the industrial base and for ensuring that it is capable of meeting the challenges of the future. The report is a key document for policymakers and industry leaders alike.

BEGINNING YEAR WITH FORDING

The Department of Defense (DOD) has announced that it will begin its fiscal year with a focus on fording. This initiative is part of a larger effort to modernize the department's infrastructure and to improve its operational capabilities. The fording initiative will involve the construction of new roads, bridges, and other infrastructure projects. It will also involve the implementation of new policies and procedures designed to streamline the department's operations. The fording initiative is expected to have a significant impact on the department's ability to carry out its mission.

NEW CREATION BILL

The House of Representatives has passed a bill titled "New Creation Act" that aims to create new jobs and to stimulate economic growth. The bill includes provisions for the creation of new businesses, for the expansion of existing businesses, and for the development of new industries. It also includes provisions for the creation of new jobs and for the improvement of working conditions. The bill is expected to be signed into law by the President.

We are better together

We actively engage, seek, and support those who have served our nation. Because they understand the sacrifice required to help our communities prosper. For more information on opportunities with Stantec, visit veterans.stantec.jobs.

SAME Foundation Corporate Giving

I am more self-aware of how I react to certain situations. I have a better understanding of how I like to deal with challenges. I understand that I need to be bold sometimes. Through the Leader Development Program, I feel closer to SAME and more vested in the future.

– Lt. Mike Guaigua, CEC, USN, NAVFAC EURAFCENT

DID YOU KNOW?

One of the members of the first SAME Leader Development class was selected to be the next CEO of the construction company he works for, effective in 2024 as part of a transition plan. Another member of the first class is an active-duty Army engineer who was recently elected to the SAME Board of Direction. And three members of the second class spearheaded a project that was selected for a STEM outreach grant by the United Engineering Foundation to execute.

SAME Foundation

Help STEM Journeys Start and Rising Leaders Soar

As SAME moves forward in its second century, the SAME Foundation will serve as a philanthropic force for *Fostering Engineering Leadership for the Nation*—investing in programs that provide Society members, America’s youth, veterans, and others across the engineering community with unmatched opportunities to develop and grow personally and professionally.

The SAME Foundation welcomes contributions from corporations and other charitable institutions. If your organization is interested in helping ensure that our nation has the engineer leaders needed to compete on a global scale long into the future, please consider supporting the SAME Foundation as a corporate donor. Learn more at www.same.org/foundation.

Our nation has a critical need... the SAME Foundation has a plan.

1. Grow SAME’s Leader Development Program
2. Prepare Veterans for Success in the A/E/C Profession
3. Enhance the Mentoring Capacity of the Society
4. Improve K-12 STEM Outreach at the Post Level
5. Inspire High School and College Students to Pursue Engineering/STEM Careers and Support SAME’s STEM/Engineering & Construction Camps

DONOR LEVELS

BRONZE (\$100-\$499)

SILVER (\$500-\$999)

GOLD (\$1,000-\$2,499)

PLATINUM (\$2,500-\$4,999)

EMERALD (\$5,000-\$9,999)

DIAMOND (\$10,000-\$99,999)

MG WILLIAM BLACK SOCIETY (\$100,000 and up)

The SAME Foundation is registered as a 501(C)(3) Non-Profit. Contributions are tax-deductible to the extent permitted by law—EIN: 81-1960637.

A Leading Development Program

SAME’s Leader Development Program is an intensive one-year training program for high-potential mid-career professionals, and is fully underwritten by the SAME Foundation. Since its establishment in 2019, nearly 70 percent of participants have come from Sustaining Member companies; the other 30 percent are serving on active duty.
