Omaha Post
Professional Development Hours Certificate
February 2026 Monthly Membership Meeting*

Participant Name: _____

Participant Signature: _____

Date: Tuesday, February 10, 2026

Location: In-person and Virtual Meeting, In-person meeting at:
Field Club of Omaha, 3615 Woolworth Avenue, Omaha, NE

Educational Program:

**“Aqueous Film Forming Foam (AFFF)
Management/Disposal”**

*Joseph Maloney
Business Develop Manager, Clean Harbors*

Aqueous Film Forming Foam (AFFF) is a highly effective firefighting agent for liquid fuel fires that creates a thin film to smother flames, but it contains harmful polyfluoroalkyl substances (PFAS) chemicals, leading to potential widespread contamination, significant health concerns, and increasing calls for bans and replacement with safer alternatives. Mr. Maloney provided a state of the practice update on the management and disposal of AFFF.

Total PDH Available - 1.0

*COL Robert J. Newbauer
President SAME Omaha Post*

*John I. Remus, II, P.E.
Chair of Education and Professional Development*

The Omaha Post verifies the content of the program. Each attendee is responsible for applying to the appropriate licensing organization for his/her individual PDH credits. The Omaha Post cannot guarantee that all licensing organizations will accept the above PDH credits.
