About Us

Society of American Military Engineers (SAME)

With more than 100 Posts and Field Chapters located across the world, SAME offers its 25,000 members the opportunity to connect with decision-makers to help government and industry identify challenges and develop viable solutions directly where they can have an impact.

Since 1920, SAME has had a long history of uniting public and private sector individuals and organizations from across the architecture, engineering, construction, environmental and facility management, cyber security, project planning, contracting and acquisition, and related disciplines in support of national security.

Our Mission

To lead collaboration in support of our national security priorities through advancing three interrelated strategic goals:

Drive Partnerships, Deliver Solutions, and Develop People.

About Us

SAME Washington DC Post

Founded in 1921, the SAME Washington DC Post is the **largest and most active Post** within the Society of American Military Engineers. Located in the National Capital Region, the DC Post plays a central role in bringing together **military engineers, federal agencies, and private industry partners** to support national security, public infrastructure, and the broader AEC community.

Regional Presence with Global Impact

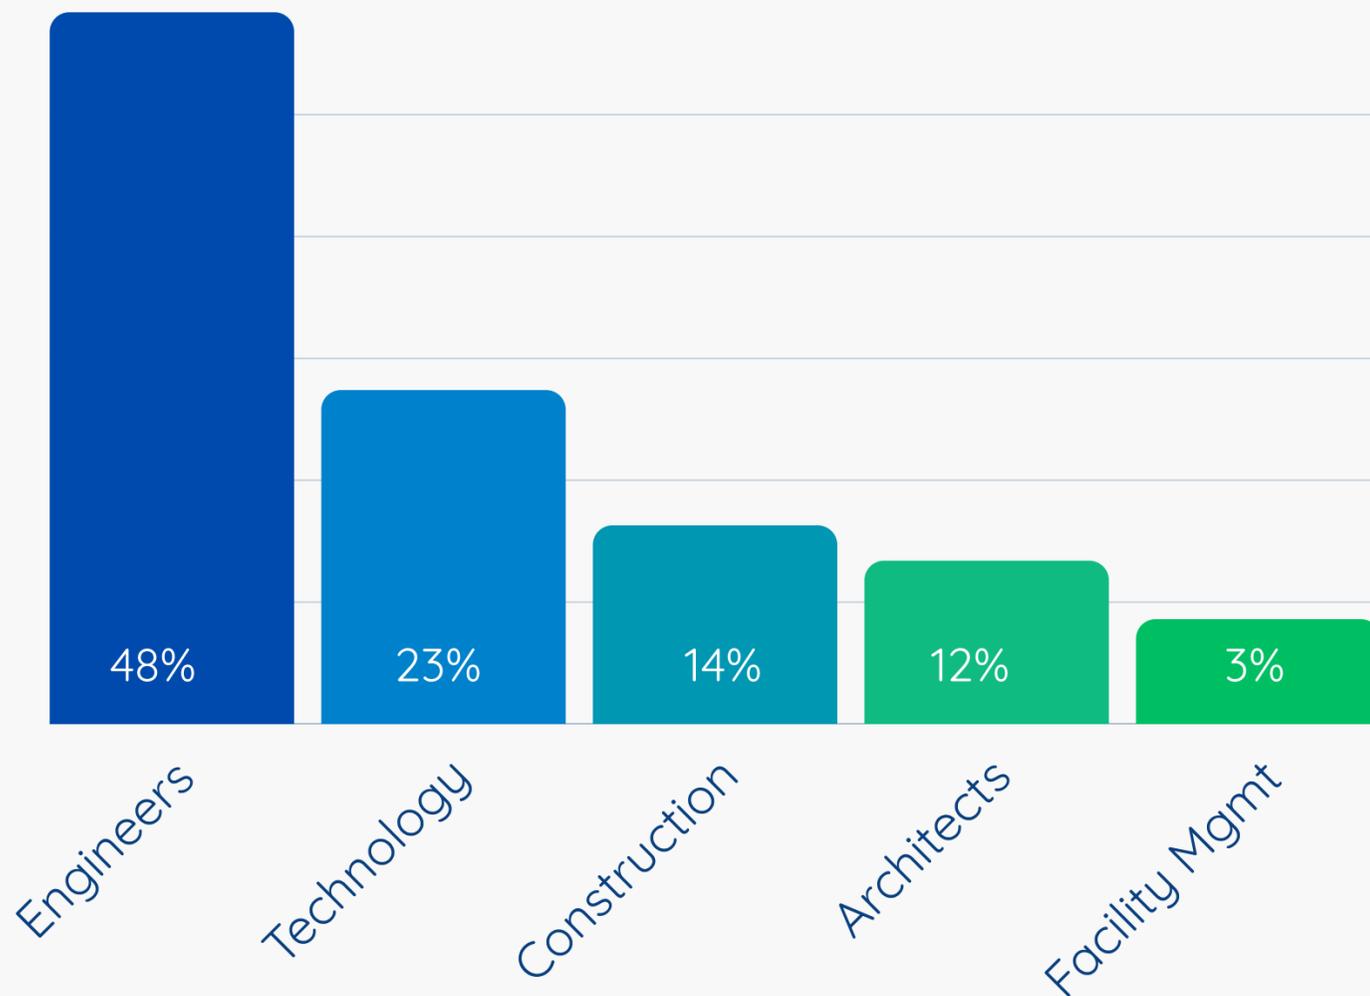

While rooted in the local community, the DC Post engages participants nationwide and internationally. Each year, the DC Post delivers **more than 45 events that offer training, networking, and policy discussions tied to legislative and executive priorities**. These programs serve the full A/E/C career spectrum and **help shape priorities in policy and federal programming** that support the built environment and national defense.

DC Post at a Glance

- 7,000+ professionals in the Mid-Atlantic community
- 1,200+ active members across the A/E/C sector
- Members from small businesses, large firms, and public agencies
- Representation from USACE, GSA, VA, NASA, DLA, DHS, and all military branches
- 30+ in person events each year, including luncheons, joint conferences, golf tournament, and project tours
- Monthly First Friday webinars with 100+ registered global attendees
- Awards more than \$75,000 annually in scholarships, STEM camp sponsorships, and leadership programs

The Value of Sponsorship

***Build your
Brand with
Sponsorship!***

Reach High-Value Decision Makers

SAME DC Post events attract public and private industry leaders, and key influencers across the architecture, engineering and construction (A/E/C) spectrum—your future clients and partners.

Maximize Brand Visibility

Sponsors are prominently featured at events, online and in communications, putting your brand in front of engaged A/E/C professionals year-round.

Align with Industry Leadership

Showcase your commitment to innovation and collaboration by aligning your brand with the region's leading authority in government contracting (GovCon) in support of delivering project, people and partnerships to advance our nation's security.

Your Sponsorship Impact

**Your support
makes a
difference!**

Helps Keep Events Cost-Effective

Your support helps offset the cost of programming, allowing us to keep ticket prices affordable and participation high across the region.

Elevates Program Quality

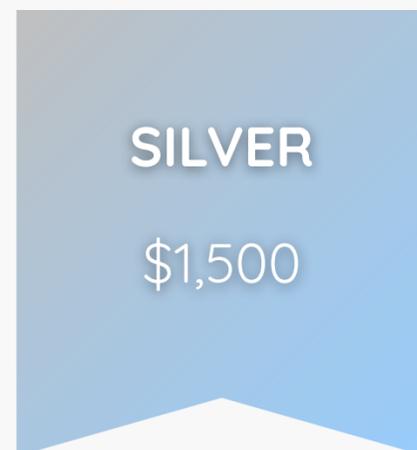

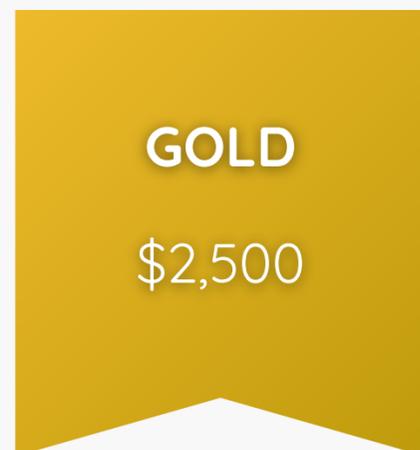

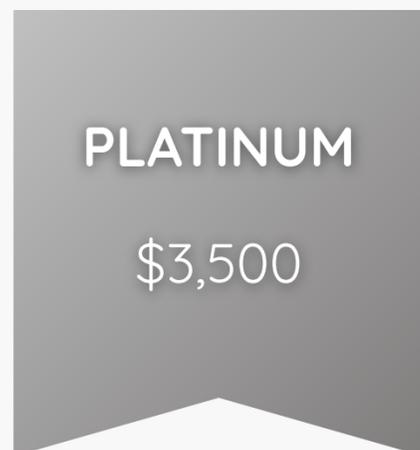

Sponsorship enables us to deliver best-in-class speakers, technical sessions, and industry-leading events that benefit the entire design-build community.

Invests in the Future

Proceeds from sponsorship help fund student scholarships, STEM Engineering & Construction Camps, and educate our members with credentialing, and veteran support programs—building a stronger pipeline of talent for the A/E/C industry.

Maximize Your Impact

Becoming annual sponsor of the SAME DC Post positions your organization at the **center of a high-impact A/E/C community** where government leaders, military engineers, and industry professionals collaborate to advance national security and the built environment. **Sponsorship not only elevates your brand** across a highly engaged regional and global network, it also supports programs that **drive education, policy dialogue, and professional development** throughout the A/E/C community.

Sponsor Benefits

- **Elevated brand visibility** across events and digital platforms
- **Direct access** to federal and industry decision makers
- **Visibility** to more than 7,000 AEC professionals
- **Networking with** leaders across the full AEC sector
- **Support our future** with scholarships, STEM camps, and leadership programs
- **Engage** in policy dialogue that shapes federal priorities
