

Society of American Military Engineers (SAME)
San Antonio Post
2026 Professional Development & Continuing Education
Scholarship Application
(see link at <https://www.same.org/san-antonio/>)

The SAME San Antonio Post is proud to offer the annual professional development and continuing education scholarship program. Our program is open to professional development and continuing education as in years past. The 2026 program will assist Post members with the costs of pursuing professional licensure (e.g. EIT, PE, RA) or a recognized credential (e.g. PMP, CFM, LEED AP) or the cost of actually sitting for the applicable examination itself. Scholarships are also available for continuing education and training toward advance degrees or advanced technical expertise in related fields. The financial support under this program includes the cost of review courses/seminars, related study materials, associated fees (examination fees, preparatory course fees, etc.) or travel associated with study courses or exams. This scholarship **CANNOT** pay for a license/credential renewal fee.

This scholarship program covers professional development requirements from 1 Jan 2026 thru 31 Dec 2026.

To be eligible for this scholarship program, applicants **MUST BE** current SAME and San Antonio Post members in good standing for at least one year as shown on the latest Post membership roster. Government/U.S. Uniformed Service members, Veterans, Young Professionals or any San Antonio Post member looking to enhance their professional careers are highly encouraged to apply since scholarship support for credentialing for this group of members is one of the focus areas in the new 2030 SAME Strategic Plan.

Scholarship award(s) totaling approximately \$1,000 are planned for this program. The maximum award per member in professional development and continuing education scholarships would be \$500. Awards may, or may not be granted, and are based upon the strength of the application(s) received and the other data available to the Post Board on the applicant's participation in SAME/Post activities (including meetings, sponsorships, SAME/Post positions held and SAME/Post/other publications). The application information and the other data will be used to determine any scholarship award(s).

The application deadline has been extended to **20 Mar 2026**. Email your completed applications to our Member Development Director, Mr. Kisiel, at jkisiel@olsson.com (with a copy to samesatx@gmail.com).
