Welcome to EPA's Acquisition Forecast Database.

As part of EPA's initiative to encourage competition, this database was developed to allow users to view EPA's acquisition forecast. The database is based on the best information available at the time of posting and is intended for informational purposes only. It does not constitute a contract or any other legal services.

Please note that some records contain the statement of work (SOW) from the current contract proposal in accordance with the SOW in the solicitation when it is released.

EPA ACQUISITION FORECAST DATABASE

There is a point of contact identified next to each requirement that is familiar with that requirement. If you have any questions regarding the EPA Acquisition Forecast Database, please contact: Jennifer Cranford (Cranford.Jennifer@epa.gov)

** Database is refreshed nightly.
