OVERVIEW OF FIRMS

Larson Design Group

- Larson Design Group (LDG) is a multidisciplinary architecture, engineering, planning, and consulting firm serving federal, state, municipal, and private-sector clients nationwide.
- With nearly 40 years of continuous service to our federal customers, LDG maintains an unparalleled record of success in helping to deliver mission critical facilities.
- Over 30 years of serving Tulsa District
- 2,000+ projects completed in the Tulsa District AOR
- 250+ projects completed at Tinker AFB

Mason & Hanger

- Mason & Hanger (M&H) is a full-service architecture and engineering firm specializing in secure, mission-driven facilities for federal clients worldwide.
- M&H provides integrated A/E services for complex facilities and infrastructure across the United States and abroad (175 countries to date).
- Founded in 1827, M&H has built a nearly 200-year legacy of disciplined execution, technical excellence, and reliable delivery.
- First USACE project awarded in 1902.
- Supporting Tulsa District since 1997.

STRONG PARTNERSHIPS – THE LDG M&H JV ADVANTAGE

The LDG–M&H JV is a Tulsa District contract partner offering proven collaboration, complementary technical capabilities, and a low-risk approach to project delivery. Our integrated team is positioned to provide responsive, high-quality support throughout the life of the contract. Recent and ongoing projects completed together include:

- **USACE Tulsa IDIQ**
 - Tinker AFB Software Engineering Group (SWEG) Facility
- **Vance AFB Airfield Electrical Distribution Study**
- **USACE Middle East District IDIQ**
 - CH-47 Beddown – Anchas AB, Egypt
 - Phantom LSA – Al Dhafra AB, UAE
- **USACE Savannah District IDIQ**
 - Sunset Liberty March Memorial Pathway – Fort Bragg
 - Value Engineering Studies
- **USACE Fort Worth IDIQ**
 - Cybersecurity for HVAC, DLIELC
- **USACE Louisville District IDIQ**
 - Network Enterprise Center – Fort Hunter Liggett
 - TRANSCOM Facility Use Study – Scott AFB
- **USACE New York District via Huntsville RTLP IDIQ**
 - Automated Firing Range (ARF) – Fort Drum

We regularly employ the use of innovative methods and techniques such as **Augmented Reality (AR)** and **Alternative Construction Methods (ACM)** to further reduce risk, time, and expense to produce quality designs.

LDG has achieved CMMC Level 2 certification, while M&H has completed its CMMC Level 2 self-assessment and affirmation, with third-party certification pending.

KNOWLEDGE OF LOCALITY

LDG and M&H have an unparalleled record of success in helping SWT deliver on mission critical assignments. Quality is not just a buzzword to us, but rather a key component to our project delivery process.

Over **30 years** serving **SWT**

250+ projects completed at **Tinker AFB**

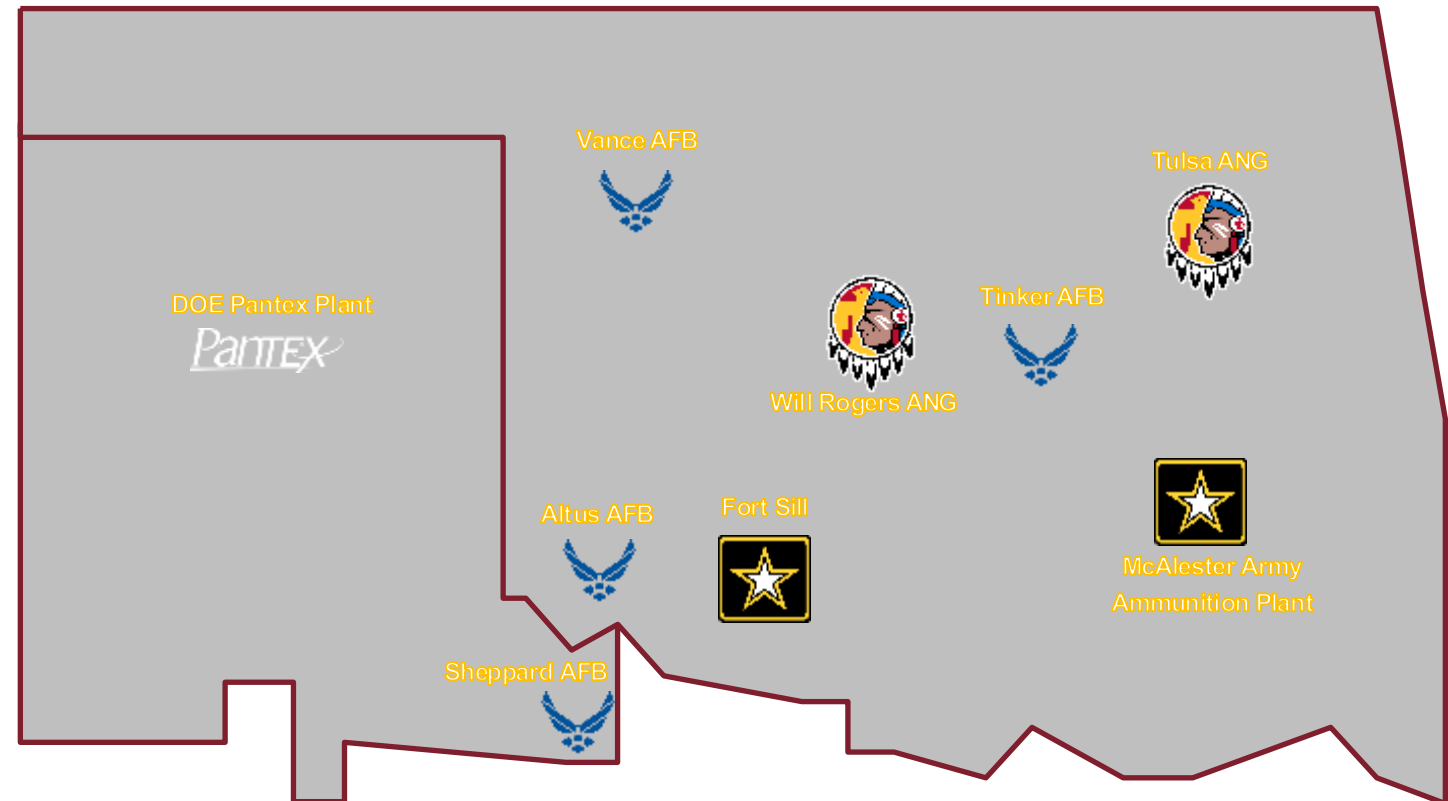

2,000+ projects completed in **SWT AOR**

8 offices & 250+ employees in **SWT AOR**

Ongoing work at **all bases** in SWT AOR
